BILL NO. 1 OF 2006

**THE ARUNACHAL PRADESH AGRICULTURAL PRODUCE MARKETING
(REGULATION) (AMENDMENT) BILL, 2006
(As introduced in Legislative Assembly on 21st March, 2006)**

**A
BILL**

to amend the Arunachal Pradesh Agricultural Produce marketing (Regulation) Act, 1989
(Act No. 6 of 1990)

BE it enacted by the Legislative Assembly of Arunachal Pradesh in the Fifty-seventh Year of the Republic of India as follows :-

1. (1) This Act may be called the Arunachal Pradesh Agricultural Produce Marketing (Regulation) (Amendment) Act, 2006. (2) It shall extend to the whole of Arunachal Pradesh. (3) It shall come into force on such date as the Government may, by notification in the Official Gazette, appoint. 2. In the Arunachal Pradesh Agricultural Produce Marketing (Regulation) Act, 1989 (Act No. 6 of 1990) (hereinafter referred to as the Principal Act), after sub-sections (6) and (21) of section-2 the following definitions shall be added : “(6)(a) “Contract Farming” means farming by a person called “Contract Farming Producer” under a written agreement with another person called “Contract Farming Sponsor” to the effect that his farm produce shall be purchased as specified in the agreement. (6)(b) “Contract Farming Agreement” means the agreement made for contract farming between Contract farming sponsor and Contract Farming Producer. (21)(a) “Private market Yard” means such place other than the market yard/sub market yard in the market area where infrastructure has been developed and managed by a person for marketing of notified agricultural produce holding a licence for this purpose under this Act.	Short title extent and commence- ment.

3. After Chapter V of the Arunachal Pradesh Agricultural Produce Marketing (Regulation) Act, 1989, the following chapter shall be inserted :

**“CHAPTER V-A
Establishment of Private Yard**

Establishment of Private yards, and direct purchase of agricultural produce from agriculturist (direct purchasing from Producer)	34.A. Notwithstanding anything contained in this Act, the Director/Chief Executive Officer of the Arunachal Pradesh Agricultural Marketing Board may grant licence to purchase agricultural produce by establishing private yard or direct from Agriculturist, in one or more market area for : (a) process of the notified agricultural produce; (b) trade of notified agricultural produce of particular specification; (c) export of notified agricultural produce; (d) grading, packing and transaction in other way by value addition of notified agricultural produce;
Establishment of Consumer/Farmer market (Direct sale by the producer)	35.A (1) Consumer/Farmer market may be established by developing infrastructure as prescribed, by any person in any market area. At such place, producer of agricultural produce himself may, as prescribed, sell his produce directly to the consumer. (2) Market service charge shall be collected on sale of agriculture produce by the seller and will be remitted to the proprietor of the consumer market. (3) Save as other wise provided in this Act no market fee shall be leviable on the transactions undertaken in the consumer/farmers market. (4) Licence for establishment of consumer/farmer market shall be granted by the State Government/Director/Managing Director.
Grant/Renewal of license of Private yard, Consumer/Farmer market and Weighman.	36.A. (1) Any person who, under Section 34-A desires to purchase notified agricultural produce direct from the agriculturists or wishes to establish a private yard or under section 35-A desires to establish consumer/farmer market in one or more than one market area, shall apply to the Director for grant or renewal of license, as the case may be, in the manner and for the period, as may be prescribed by the State Government. (2) Along with every such application for licence, fee prescribed, by Director, shall be deposited. (3) Application received under sub section (1) for grant or renewal of licence may be accepted or rejected for reasons recorded in writing by the authority prescribed by the State Government, as the case may be provided :

The 22nd March, 2006

No. LA/Bill-4/2006.—The following Bill introduced in the Arunachal Pradesh Legislative Assembly on 22nd March, 2006 is published under Rule 73 of rules of Procedure and Conduct of Business in Arunachal Pradesh Legislative Assembly is for general information.

BILL NO. 3 OF 2006

THE ARUNACHAL PRADESH LOCAL AUTHORITIES (PROHIBITION OF DEFECTION)
(AMENDMENT) BILL, 2006
(As introduced in the Legislative Assembly on 22nd March, 2006)

A
BILL

further to amend the Arunachal Pradesh Local Authorities (Prohibition of Defection) Act, 2003 (Act No. 3 of 2003).

BE it enacted by the Legislative Assembly of Arunachal Pradesh in the Fifty seventh year of the Republic of India as follows :-

1.	(1) This Act may be called the Arunachal Pradesh Local Authorities (Prohibition of Defection) (Amendment) Act, 2006.	Short title and commencement.
	(2) It shall come into force at once.	
2.	In the Arunachal Pradesh Local Authorities (Prohibition of Defection) Act, 2003 in section 3 (1), the figure '4' shall be omitted.	Amendment of section 3 (1).
3.	In the Arunachal Pradesh Local Authorities (Prohibition of Defection) Act, 2003 section 4 shall be omitted.	Omission of section 4.
4.	In the Arunachal Pradesh Local Authorities (Prohibition of Defection) Act, 2003 in section 6 (2) the words, "State Election Commissioner" shall be substituted by the words, 'Deputy Commissioner.'	Substitution of words at section 6.
5.	In the Arunachal Pradesh Local Authorities (Prohibition of Defection) Act 2003, Sl. No. 3 of the explanation below section 8 shall be omitted.	Omission of Sl. No. 3 of Explanation below section 8.

STATEMENT OF OBJECTS AND REASONS

By the constitution (Ninety-first Amendment) Act, 2003, the paragraph 3 relating to disqualification on the ground of defection not to apply in case of split of the Tenth Schedule to the Constitution of India has been omitted and hence the same provision which was kept in the Arunachal Pradesh Local Authorities (Prohibition of Defection) Act, 2003 are required to be omitted. The Bill seeks to omit section 4 of the Act which provides disqualification on the ground of defection not to apply in case of split in view of the constitution (Ninety-first Amendment) Act, 2003 accordingly.

Hence this Bill.

ARUNACHAL PRADESH
LEGISLATIVE ASSEMBLY SECRETARIAT

The 22nd March, 2006

No. LA/Bill-5/2006.— The following Bill introduced in the Arunachal Pradesh Legislative Assembly on 22nd March, 2006 is published Under Rule 73 of Rules of Procedure and Conduct of Business in Arunachal Pradesh Legislative Assembly is for general information.

BILL NO. 7 OF 2006

THE ARUNACHAL PRADESH FISCAL RESPONSIBILITY BILL, 2006 (As introduced in the Legislative Assembly on 22nd March, 2006)

A

BILL

to provide for the responsibility of the State Government to ensure fiscal stability and sustainability, and to enhance the scope for improving social and physical infrastructure and human development by achieving sufficient revenue surplus, reducing fiscal deficit and removing impediments to the effective conduct of fiscal policy and prudent debt management through limits on State Government borrowings, debt and deficits, greater transparency in fiscal operations of the State Government and use of a medium-term fiscal framework and for matters connected therewith or incidental thereto.

BE it enacted by the Arunachal Pradesh Legislature in the Fifty-seventh Year of the Republic of India as follows:-

1. (1) This Act may be called the Arunachal Pradesh Fiscal Responsibility Act, 2006. Short title, extent and commencement.
- (2) It shall extend to the whole of Arunachal Pradesh.
- (3) It shall be deemed to have come into force with effect from 1st April, 2005.
2. In this Act, unless the context otherwise requires :- Definitions.
 - (a) “Annual Budget” means the annual financial statement laid before the House of State Legislature under Article 202 of the Constitution ;
 - (b) “Current Year” means the year preceding the year for which budget and Medium Term Fiscal Plan (MTFP) are being presented ;
 - (c) “Fiscal Deficit” means the excess of -
 - (i) total disbursements from the Consolidated Fund of the State (excluding repayment of debt) over total receipts into the Fund (excluding the debt receipts), during a financial year ; or
 - (ii) total expenditure from the Consolidated Fund of the State (including loans but excluding repayment of debt) over own tax and non-tax revenue receipts, devolution and other grants from Government of India to the State, and non-debt capital receipts during a financial year which represents the borrowing requirements, net of repayment of debt, of the State Government during the financial year ;

Explanation. For the purpose of calculation of fiscal deficit, borrowings by Public Sector Undertakings and Special Purpose Vehicles and other equivalent instruments where liability for repayment is on the State Government are to be treated as borrowings of the Government.

(d) “Fiscal Indicators” means the measures such as numerical ceilings and proportions to gross state domestic product, as may be prescribed, for evaluation of the fiscal position of the State Government ;

(e) “Previous Year” means the year preceding the current year ;

(f) “Revenue Deficit” means the difference between revenue expenditure and revenue receipts ; and

Explanation. For the purpose, of this clause interest payment by Government towards borrowings by Public Sector Undertakings and Special Purpose Vehicles and other equivalent instruments where liability for repayment is on Government, shall be treated as revenue expenditure.

(g) “Total Liabilities” means the liabilities under the Consolidated Fund of the State and the public account of the State.

Medium Term Fiscal Plan to be laid before the Legislature. 3. (1) The State Government shall in each financial year lay before the state Legislature a Medium Term Fiscal Plan along with the annual budget.

(2) The Medium Term Fiscal Plan shall set forth a four-year rolling target for the prescribed fiscal indicators with specification of underlying assumptions.

(3) In particular and without prejudice to the provisions contained in sub-section (2), the Medium Term Fiscal Plan shall include an assessment of sustainability relating to,-

(i) the balance between revenue receipts and revenue expenditures ;

(ii) the use of capital receipts including borrowings for generating productive assets.

(4) The Medium Term Fiscal Plan shall, inter alia, contain,-

(a) the medium term fiscal objectives of the State Government ;

(b) an evaluation of the performance of the prescribed fiscal indicators in the previous year vis-a-vis the targets set out earlier, and the likely performance in the current year as per revised estimates ;

(c) a statement on recent economic trends and future prospects for growth and development affecting fiscal position of the State Government ;

(d) the strategic priorities of the State Government in the fiscal areas for the ensuing financial year ;

(e) the policies of the State Government for the ensuing financial year relating to taxation, expenditure, borrowings (including borrowings by Public Sector Undertakings and Special Purpose Vehicles and other equivalent instruments where liability for repayment is on the State Government, with ceiling fixed for each agency) and other liabilities, lending and investments, pricing of administered goods and services and description of other activities, such as guarantees and activities of Public Sector Undertakings which have potential budgetary implications ; and the key fiscal measures and targets pertaining to each of these ;

(f) an evaluation as to how the current policies of the State Government are in conformity with the fiscal management principles set out in section 4 and the fiscal objectives set out in the Medium Term Fiscal Plan.

(5) The Medium Term Fiscal Plan shall be in such form as may be prescribed.

Fiscal Management Principles. 4. (1) The State Government will be guided by the following fiscal management principles :

(a) maintain Government debt at prudent levels ;

(b) manage guarantees and other contingent liabilities prudently, with particular reference to the quality and level of such liabilities ;

(c) ensure that policy decisions of the Government have due regard to their financial implications on future generations ;

(d) ensure that borrowings are used for productive purposes and accumulation of capital assets, and are not applied to finance current expenditure ;

- (e) ensure a reasonable degree of stability and predictability in the level of the tax burden ;
 - (f) maintain the integrity of the tax system by minimizing special incentives, concessions and exemptions ;
 - (g) pursue tax policies with due regard to economic efficiency and compliance costs ;
 - (h) pursue non-tax revenue policies with due regard to cost recovery and equity ;
 - (i) pursue expenditure policies that would provide impetus for economic growth, poverty reduction and improvement in human welfare ;
 - (j) build up a revenue surplus for use in capital formation and productive expenditure ;
 - (k) ensure that physical assets of the Government are properly maintained ;
 - (l) disclose sufficient information to allow the public to scrutinize the conduct of fiscal policy and the state of public finances ;
 - (m) ensure that Government uses resources in ways that give best value for money ; and also ensure that public assets are put to best possible use ;
 - (n) minimize fiscal risks associated with running of public sector undertakings and utilities providing public goods and services ;
 - (o) manage expenditure consistent with the level of revenue generated ;
 - (p) formulate budget in a realistic and objective manner with due regard to the general economic outlook and revenue prospects, and minimize deviations during the course of the year ; and
 - (q) ensure discharge of current liabilities in a timely manner.
- (2) The State Government shall take appropriate measures to eliminate the revenue deficit and contain the fiscal deficit at sustainable level and build up adequate revenue surplus.
- (3) In particular, and without prejudice to the generality of the foregoing provisions, the State Government shall -
- (a) reduce revenue deficit to zero within a period of four financial years beginning from the initial financial year on the 1st day of April, 2005 and ending on the 31st day of March, 2009 ;
 - (b) reduce revenue deficit as a percentage of Gross State Domestic Product (GSDP) in each of the financial year beginning on the 1st day of April, 2005 in a manner consistent with the goal set out in clause (a) ;
 - (c) reduce fiscal deficit to not more than three per cent of the estimated Gross State Domestic Product (GSDP) within a period of five financial years beginning from the initial financial year on the 1st day of April, 2005 and ending on the 31st day of March, 2010 ;
 - (d) reduce fiscal deficit as a percentage of Gross State Domestic Product (GSDP) in each of the financial year beginning on the 1st day of April, 2005 in a manner consistent with the goal set out in clause (c) ; and
 - (e) the Constitution of India provides that a State may borrow within the territory of India upon the security of its Consolidated Fund, within such limits as may from time to time be fixed by an Act of its Legislature. But no such Act has been passed by the State so far. However, the State Government will be very conservative in giving guarantee.

Provided that revenue deficit and fiscal deficit may exceed the limits specified under this subsection due to ground or grounds of unforeseen demands on the finances of the State Government due to national security or natural calamity, subject to the condition that the excess beyond limits arising due to natural calamities does not exceed the actual fiscal cost that can be attributed to the calamities ;

Provided further that the ground or grounds specified in the first proviso shall be placed before the House of Legislature, as soon as may be, after it becomes likely that such deficit amount may exceed the aforesaid limits, with an accompanying report stating the likely extent of excess, and reasons therefor.

5. (1) The State Government shall take suitable measures to ensure greater transparency in its fiscal operations in public interest and minimize as far as practicable, secrecy in the preparation of the annual budget.

Measures for
Fiscal Trans-
parency.

(2) In particular, and without prejudice to the generality of the foregoing provisions, the State Government shall, at the time of presentation of the annual budget, disclose in a statement in the form as may be prescribed,-

- (a) the significant changes in the accounting standards, policies and practices affecting or likely to affect the computation of prescribed fiscal indicators ;
- (b) as far as practicable, and consistent with protection of public interest, the contingent liabilities created by way of guarantees ; the actual liabilities arising out of borrowings by Public Sector Undertakings and Special Purpose Vehicles and other equivalent instruments where liabilities for repayment is on the State Government ; all claims and commitments made by the State Government having potential budgetary implications, including revenue demands raised but not realised ; tax expenditure ; losses incurred in providing public goods and services through public utilities and undertakings ; liability in respect of major works and contracts ; and subsidy payments and the impact of the same on the fiscal position of the State including in relation to the targets referred to in sub-section (3) of section-4.

Measures to enforce compliance.

6. (1) The Annual budget, and policies announced at the time of the budget, shall be consistent with the objectives and targets specified in the Medium Term Fiscal Plan for the coming and further years.
- (2) The Minister in charge of the Department of Finance, shall review, every half year, the trends in receipts and expenditure in relation to the budget, remedial measures to be taken to achieve the budget targets and place before the House of Legislature, the outcome of such reviews. The review report shall be in such form as may be prescribed.
- (3) The review reports shall explain
 - (a) any deviation or likely deviation in meeting the obligations cast on the State Government under this Act.
 - (b) whether such deviation is substantial and relates to the actual or the potential budgetary outcomes, and how much of the deviation can be attributed to general economic environment and to policy changes by the State Government ; and
 - (c) the remedial measures, the State Government proposes to take.
- (4) Whenever there is a prospect of either short fall in revenue or excess of expenditure over pre-specified levels for a given year on account of any new policy decisions of the State Government that affects either the State Government or its Public Sector Undertakings, the State Government, prior to taking such policy decision, shall take measures to fully offset the fiscal impact for the current and future years by curtailing the sums authorized to be paid and applied from and out of the Consolidated fund of the State under any Act to provide for the appropriation of such sums or by taking interim measures for revenue augmentation, or by taking up a combination of both ;

Provided that, while adhering to the fiscal targets, the State Governments will give priority to protecting certain expenditure declared in the Medium Term Fiscal Plan as “high priority development expenditure” (including, inter alia, elementary education, basic health and rural water supply) from curtailment or may impose a reduced or partial curtailment.

- (5) Whenever one or more supplementary estimates are presented to the House of Legislature, the State Government shall also present an accompanying statement indicating the corresponding curtailment of expenditure and/or augmentation of revenue to fully offset the fiscal impact of the supplementary estimates in relation to the budget targets of the current year and the Medium Term Fiscal Plan objectives and targets for the future year.

Power to make rules.

7. (1) The State Government may, by notification in the Official Gazette, make rules for carrying out the provisions of this Act.
- (2) In particular, and without prejudice to the generality of the foregoing powers such rules may provide for all or any of the following matters, namely :-
 - (a) the fiscal indicators to be prescribed for the purpose of sub-section (2) of section 3 and clause (a) of sub-section (2) of section 5 ;
 - (b) the form of the Medium Term Fiscal Plan referred to in sub-section (5) of section 3 and sub-section (2) of section 5 ; and
 - (c) any other matter which is required to be, or may be, prescribed.

Rules to be laid before Legislature.

8. Every rule made under this Act shall be laid, as soon as may be after it is made, before the House of States Legislature, while it is in session and if the House agrees in making any modification in the rule or the House agrees that the rule should not be made, the rule shall thereafter have effect only in such modified form or be of no effect, as the case may be ; so, however, that any such modification or annulment shall be without prejudice to the validity of anything previously done under that rule.

9. No suit, prosecution or other legal proceedings shall lie against the State Government or any officer of the State Government for anything which is in good faith done or intended to be done under this Act or the rules made thereunder.

Protection of action taken in good faith.
10. The provisions of this Act shall be in addition to, and not in derogation of the provisions of any other law for the time being in force.

Application of other laws not barred.
11. (1) If any difficulty arises in giving effect to the provisions of this Act, the State Government may, by order published in the Official Gazette, make such provisions not inconsistent with the provisions of this Act as may appear to be necessary for removing the difficulty :

Power to remove difficulties.
- Provided that no order shall be made under this section after the expiry of two years from the commencement of this Act.
- (2) Every order made under this section shall be laid, as soon as may be after it is made, before the House of the State Legislature.

STATEMENT OF OBJECTS AND REASONS

It is expedient to provide for the responsibility of the State Government to ensure fiscal stability and sustainability, and to enhance the scope for improving social and physical infrastructure and human development by achieving sufficient revenue surplus, reducing fiscal deficit and removing impediments to the effective conduct of fiscal policy and prudent debt management through limits on State Government borrowings, debt and deficits, greater transparency in fiscal operations of the State Government and use of a-medium-term-fiscal framework and for matters connected therewith or incidental thereto.

- (c) “Board” means that State Advisory Contract Labour Board constituted under Section 4 ;
- (d) “Chairman” means the Chairman of the Board ;
- (e) “Committee” means a committee constituted under sub-section (1) of Section 5 ;
- (f) “Form” means a form appended to these rules ;
- (g) “Section” means a section of the Act.

CHAPTER-II STATE BOARD

3. The Board shall consist of the following members :-

- (a) a Chairman to be appointed by the Government of Arunachal Pradesh;
- (b) the Labour Commissioner, ex-officio;
- (c) one person representing the State Government to be appointed by the Government of Arunachal Pradesh from amongst its officials;
- (d) five persons representing the principal employers and the contractors (three representing the principal employers and two representing the contractors) to be appointed by the Government of Arunachal Pradesh after consultation with such industry or industries, if any, of the employers and the contractors as may be recognised by the Government of Arunachal Pradesh ;

- (e) five persons representing the employees to be appointed by the Government of Arunachal Pradesh after consultation with such organisations, if any, of employees representing their respective interests as may be recognised by the Government of Arunachal Pradesh.

4. Terms of office : (1) The Chairman of the Board shall hold office as such for a period of three years from the date on which his appointment is first notified in the official Gazette.

(2) The members of the Board, referred to in clause (c) of rule 3, shall hold office as such during the pleasure of the Governor of Arunachal Pradesh.

(3) Each of the members of the Board, referred to in clause (a), (d) and (e) of rule 3, shall hold office as such for a period of three years commencing from the date on which his appointment is first notified in the official Gazette.

Provided that where the successor of any such member has not been notified in the official Gazette on or before the expiry of the said period of three years, such member shall, notwithstanding the expiry of the period of his office, continue to hold such office until the appointment of his successor has been notified in the official Gazette.

(4) If a member is unable to attend a meeting of the Board the Government of Arunachal Pradesh or the body which appointed or nominated him may, by writing signed on its behalf and by such member and addressed notice in to the Board, nominate a substitute in his place to attend Chairman of the meeting and such a substitute member shall have all the rights of a member in respect of that meeting and any decision taken at meeting shall be binding on the said body.

5. Resignation : (1) Member of the Board, not being an ex-officio member, may resign his office by a letter in writing addressed to the Government of Arunachal Pradesh.

(2) The office of such a member shall fall vacant from the date on which his resignation is accepted by the Government of Arunachal Pradesh or on the expiry of thirty days from the date of receipt of the letter of resignation by that government whichever is earlier.

6. Cessation of membership : If any member of the Board, not being an ex-officio member, fails to attend three consecutive meetings of the Board, without obtaining the leave of the Chairman for such absence, he shall cease to be a member of the Board :

Provided that the Government of Arunachal Pradesh may, if it is satisfied that such member was prevented by sufficient cause from attending three consecutive meeting of the Board, direct that such cessation shall not take place and on such direction being made, such member shall continue to be a member of the Board.

7. Disqualification for membership : A person shall be disqualified for re-appointment, and for being a member of the Board,- (i) if he is of unsound mind and stands so declared by a competent court, or

(ii) if he is an undischarged insolvent; or

(iii) if he has been or is convicted of an offence which in the opinion of the Government of Arunachal Pradesh involves moral turpitude.

(2) If a question arises as to whether a disqualification has been incurred under sub-rule (I) the Government of Arunachal Pradesh shall decide the same.

8. Removal from membership : The Government of Arunachal Pradesh may remove from office any member of the Board, if in its opinion such a member has ceased to represent the interest which he purports to represent on the Board.

Provided that no such member shall be removed unless a reasonable opportunity is given to him of making any representation against the proposed action.

9. Vacancy : When a vacancy occurs or is likely to occur in the membership of the Board the Chairman shall submit a report to the Government of Arunachal Pradesh and on receipt of such report the Government of Arunachal Pradesh shall take steps to fill the vacancy by making an appointment from amongst the category of persons to which the person vacating membership belonged and the person so appointed shall hold office for the remainder of the term of office of the member in whose place he is appointed.

10. Staff : (1) (i) The Government of Arunachal Pradesh may appoint one of the officials as Secretary to the Board appoint such other staff as it may think necessary to enable the Board to carry out its functions.

(ii) The salaries and allowances payable to the staff and the other conditions of service of such staff shall be such as may be decided by the Government of Arunachal Pradesh.

(2) The Secretary:

(i) shall assist the Chairman in convening meetings of the Board ;

(ii) may attend the meetings but shall not be entitled to vote at such meetings ;

(iii) shall keep a record of the minutes of such meetings ; and

(iv) shall take necessary measures to carry out the decisions taken at the meetings of the Board.

11. Allowances of members: (1) The travelling allowance of an official member shall be governed by the rules applicable to him for journey performed by him on official duties and shall be paid by authority paying his salary.

(2) The non-official members of the Board shall be paid travelling allowance for attending the meeting of the Board at such rates as are admissible to Group-A Officers of the Government of Arunachal Pradesh and daily allowances shall be calculated at the maximum rate admissible to Group-A Officers of the Government of Arunachal Pradesh in their respective places.

12. Disposal of business : Every question which the Board is required to take into consideration shall be considered at a meeting, or, if the Chairman so directs by sending the necessary papers to every member for opinion, and the question shall be disposed of in accordance with the decision of the majority.

Provided that in the case of equality votes, the Chairman shall have a seconds or a casting vote.

Explanation : "Chairman" for the purpose of this rule shall include the Chairman nominated under rule 13 to preside over a meeting.

13. Meetings : (1) The Board shall meet at such places and times as may be specified by the Chairman.

(2) The Chairman shall preside over every meeting of the Board at which he is present and in his absence nominate a member of the Board to preside over such meeting.

14. Notice of meeting and list of business :- (1) Ordinarily seven days' notice shall be given to the members of a proposed meeting.

(2) No business which is not on the list of business for a meeting shall be considered at the meeting without the permission of the Chairman.

15. Quorum : No business shall be transacted at any meeting unless at least five members are present :

Provided that if at any meeting less than five members are present, the Chairman may adjourn the meeting to another date informing members present and giving notice to the other members that he proposes to dispose of the business at the adjourned meeting whether there is prescribed quorum or not, and it shall thereupon be lawful for him to dispose of the business at the adjourned meeting irrespective of the number of members attending.

16. Committees of the Board : (1) (i) The Board may constitute such committees and for such purpose or purposes as it may think fit.

(ii) While constituting the committee the Board may nominate one of its members to be the Chairman of the committee.

(2) (i) The committee shall meet at such times and places as the Chairman of the said committee may decide.

(ii) The provisions of rules 12, 13 (2), 14 and 15 shall apply to the committee for transaction of business at its meetings as they apply to the Board, subject to the modification that the quorum specified in rule 15 shall be "one-third of the members" instead of "five members".

(3) The provisions of rule 11 shall apply to the members of the committee for attending the meetings of the Committee as they apply to the members of the Board.

CHAPTER-III

Regulation and Licencing.

17. Manner of making application for registration of establishment :

(1) The application referred to in sub-section (1) of Section 7 shall be made in triplicate, in form I to the Registering Officer of the area in which the establishment sought to be registered is located.

(2) The application referred to in sub-rule (1) shall be accompanied by a Treasury Challan showing payment of the fees for the registration of the establishment.

(3) Every application referred to in sub-rule (1) shall be either personally delivered to the registering officer or sent to him by registered post.

(4) On receipt of the application referred to in sub-rule (1) the registering Officer shall, after noting thereon the date of receipt by him of the application, grant an acknowledgement to the applicant.

18. Grant of certificate of registration : (1) The certificate of registration granted under sub-section (2) of Section 7 shall be in Form II.

(2) Every certificate of registration granted under sub-section (2) of Section 7 shall contain the following particulars, namely :

- (a) the name and address of the establishment ;
- (b) the maximum number of workmen to be employed as contract labour in the establishment ;
- (c) the type of business, trade, industry, manufacture or occupation which is carried on in the establishment ;
- (d) such other particulars as may be relevant to the employment contract labour in the establishment.

(3) the registering officer shall maintain a register in Form III showing the particulars of establishment in relation to which certificates of registration have been issued by him.

(4) If, in relation to an establishment, there is any change in the particulars specified in the certificate of registration, the principal employer of the establishment shall intimate to the registering officer, within thirty days from the date when such change takes place, the particulars of, and the reasons for, such change.

19. Circumstances in which application for registration may be rejected : (1) If any application for registration is not complete in all respects the registering officer shall require the principal employer to amend the application so as to make it complete in all respects.

(2) If the principal employer, on being required by the registering officer to amend his application for registration, omits or fails to do so, the registering officer shall reject the application for registration.

20. Amendment of certificate of registration : (1) Where, on receipt of the intimation under sub-rule (4) of rule 18, the registering officer is satisfied that an amount higher than the amount which has been paid by the principal employer as fees for the registration of the establishment is payable he shall require such principal employer to pay a sum which, together with the amount already paid by such principal employer, would be equal to such higher amount of fees payable for the registration of the establishment and to produce the Treasury Challan showing such deposit.

(2) Where, on receipt of the intimation referred to in sub-rule (4) of rule 18, registering officer is satisfied that there has occurred a change in the particulars of the establishment, as entered in the register in Form III, he shall amend the said register and record therein the change which has occurred :

Provided that no such amendment shall affect anything done or any action taken or any right, obligation or liability acquired or incurred before such amendment.

Provided further that the registering officer shall not carry out any amendment in the register in Form III unless the appropriate fees have been deposited by the principal employer.

21. Application for a licence : (1) Every application by a contractor for the grant of a licence shall be made in triplicate, in Form IV, to the licencing officer of the area in which the establishment in relation to which he is the contractor, is located.

(2) Every application for the grant of a licence shall be accompanied by a certificate by the principal employer in Form V to the effect that the application has been employed by him as a contractor in relation to this establishment and that he undertakes to be bound by all the provisions of the Act and the rules made thereunder in so far as the provisions are applicable to him as principal employer in respect of the employment of contract labour by the applicant.

(3) Every such application shall be either personally delivered to the licensing officer or sent to him by registered post.

(4) On receipt of the application referred to in sub-rule (1), the licensing officer shall, after noting thereon the date of receipt of the application, grant an acknowledgement to the applicant.

(5) Every application referred to in sub-rule (1) shall also be accompanied by a Treasury Challan, showing :—

- (i) the deposit of the security at the rates specified in rule 24, and
- (ii) the payment of the fees at the rates specified in rule 26.

22. Matters to be taken in to account in granting or refusing a licence : In granting or refusing to grant a licence, the licensing officer shall take the following matters in to account namely:

(a) whether the applicant,-

- (i) is a minor ; or
- (ii) is of unsound mind and stands so declared by a competent court; or
- (iii) is an undischarged insolvent, or
- (iv) has been convicted (at any time during a period of five years immediately preceding the date of application) of an offence which in the opinion of the Central Government involves moral turpitude ;

(b) Whether there is an order of the Central or the Government of Arunachal Pradesh or an award or settlement for the abolition of contract labour in respect of the particular type of work in the establishment for which the applicant is a contractor ;

(c) whether any order has been made in respect of the applicant under sub-section (1) of Section 14 and if so, whether a period of three years has elapsed from the date of that order :

(d) whether the fees for the application have been deposited at the rates specified in rule 26 ; and

(e) whether security has been deposited by the applicant at the rates specified in rule 24.

23. Refusal to grant licence : (1) On receipt of the application from the contractor, and as soon as possible thereafter, the licensing officer shall investigate or cause investigation to be made to satisfy himself about the correctness of the facts and particulars furnished in such application and the eligibility to the applicant for a licence.

(2) (i) Where the licensing officer is of opinion that the licence should not be granted, he shall, after affording reasonable opportunity to the applicant to be heard, make an order rejecting the application.

(ii) The order shall record the reasons for the refusal and shall be communicated to the applicant.

24. Security : (1) Before a licence is issued, an amount calculated at the rate of Rs.150 for each of the workmen to be employed as contract labour, in respect of which the application for licence has been made, shall be deposited by the contractor for due performance of the condition of the licence and compliance with the provisions of the Act or the rules made thereunder :

Provided that where the contractor is a co-operative society, the amount deposited as security shall be at the rate of Rs.25 for each workman to be employed as contract labour.

(2) Where the applicant for licence was holding a licence in regard to another work and that licences had expired, the licensing officer, if he is of the view that any amount out of the security deposited in respect of that licence is to be directed to be refunded to the applicant under rule 31, may, on an application made for that purpose in Form VI by the applicant adjust the amount so to be refunded towards the security required to be deposited in respect of the application for the application for the new licence and the applicant need deposit, in such a case, only the balance amount, if any after making such adjustment.

25. Forms and terms and conditions of licence : (1) Every licence granted under sub-section (1) of Section 12 shall be in Form VII.

(2) Every licence granted under sub-rule (1) or renewed under rule 29 shall be subject to the following conditions, namely :

(i) the licence shall be non-transferable :

(ii) the number of workmen employed as contract labour in the establishment shall not, on any day, exceed the maximum number specified in the licence;

(iii) save as provided in these rules, the fees paid for the grant, or as the case may be, for renewal the licence shall be non refundable ;

(iv) the rates of wages payable to the workmen by the contractor shall not be less than the rates prescribed under the Minimum Wages Act, 1948 (XI of 1948), for such employment where applicable, and where the rates have been fixed by agreement, settlement or award not less than the rates so fixed ;

(v) (a) in cases where the workmen employed by the contractor perform the same or similar kind of work as the workmen directly employed by the principal employer of the establishment, the wage rates, holidays, hours of work and other conditions of service of the workmen of the contractor shall be the same as applicable to the workmen directly employed by the principal employer of the establishment on the same or similar kind of work :

Provided that in the case of any disagreement with regard to the type of work the same shall be decided by the Labour Commissioner or Deputy Labour Commissioner, Government of Arunachal Pradesh.

(b) In other cases the wage rates, holidays, hours of work and conditions of service of the workmen of the contractor shall be such as may be specified in this behalf by Labour Commissioner, Arunachal Pradesh.

Explanation : While determining the wage rates, holidays, hours of work and other conditions of service under Cl. (b) above, the Labour Commissioner shall have due regard to the wage rates, holidays, hours of work and other conditions of service obtaining in similar employments.

(vi) (a) in every establishment where twenty or more women are ordinarily employed as contract labour, there shall be provided two rooms of reasonable dimensions for the use of their children under the age of six years;

(b) one of such rooms shall be used as a play-room for the children and the other as bed room for the children:

(c) the contractor shall supply adequate numbers of toys and games in the play room and sufficient number of cots and beddings in the sleeping rooms ;

(d) the standard of construction and maintenance of the creches shall be such as may be specified in this behalf by the Labour Commissioner.

(vii) the licence shall notify any change in the number of workmen or the conditions of work to the licensing officer.

(viii) the licence shall, within fifteen days of the commencement and commencement and completion of each contract work submit a return to the Inspector, appointment under Section 28 of the Act, intimating the actual date of the commencement or, as the case may be, completion of such contract work in Form VIII.

(ix) a copy of the licence shall be displayed permanently at the premises where the contract work is being carried on ;

(x) no female contract labour shall be employed by any contractor before 6.00 a.m or after 7.00 p.m.

Provided that this clause shall not apply to the employment of women in pithead baths, creches and canteens and as to mid wives and nurse in hospitals and dispensaries.

26. Fees : The fees to be paid for the grant for a certificate of registration under Section 7 shall be as specified below, namely :

If the number of workmen proposed to be employed on contract on any day—

	Rs.

The 12th April, 2006

No. Law/Legn-16/2005.—The following Act of the Arunachal Pradesh Legislative Assembly which received the assent of the Governor of Arunachal Pradesh is hereby published for general information.

(Received the assent of the Governor on 12-04-2006)

THE ARUNACHAL PRADESH FISHERIES ACT, 2006
(ACT NO. 5 OF 2006)

AN

ACT

to provide for proper management, conservation and development of natural fisheries resources in the State of Arunachal Pradesh.

BE it enacted by the Legislative Assembly of Arunachal Pradesh in the Fifty-seventh Year of the Republic of India as follows :-

1.

(1) This Act may be called the **Arunachal Pradesh Fisheries Act, 2006.**

(2) It extends to the whole of Arunachal Pradesh except the **Reserved Forests, Wildlife Sanctuaries, National Parks and Protected Forests** as notified by the Government of Arunachal Pradesh from time to time.

(3) It shall come into force on such date as the State Government may by notification in the Official Gazette, appoint.

Short title, extent and commencement.

2.

In this Act, unless the context otherwise requires, -

(1) “**The Government**” means the Government of Arunachal Pradesh ;

(2) “**Deputy Commissioner**” means Deputy Commissioner of a District which includes **Additional Deputy Commissioner**;

(3) “**Fishery Officer**” means any Officer appointed by the Government as **District Fisheries Development Officer** or, **Fishery Officer** for the purpose of this Act to exercise the powers and perform the duties as **District Fisheries Development Officer** and **Fishery Officer** respectively;

(4) “**Fish**” includes fin fish, shell fish, tortoise and any other aquatic animals of economic importance;

(5) “**Fishery**” means the water bodies declared to be a fishery by proclamation issued under section 3 of this Act and will not include any such water bodies on which indigenous communities have acquired customary rights of fishing;

(6) “**Prescribed**” means prescribed in the rules framed under the Act;

(7) “**Private Water**” means water bodies which are the exclusive property of any person or in which any person has, for the time being, exclusive right for Fisheries enhancements whether as owner, lessee or in any other capacity ; and

(8) “**Fixed Engine**” means any net, cage, trap or other contrivance for taking fish, fixed in the soil or, made stationary in any other way.

Definitions

3.

Right to fisheries shall be determined as follows:

(1) The Fishery Department shall manage all the natural water logged and swampy areas, lakes, beels, Fish Mahals, Rivers and Streams.

Right to Fisheries

- (2) The revenue earned from the natural resources developed and where pisciculture practices have been taken up by the Department of Fisheries will be deposited in the Departmental Head of Account.
- (3) The revenue earned from other natural fishing areas where no pisciculture practices are involved, the revenue would be shared as under:
- 50 per cent of the revenue would be deposited in the public exchequer.
 - 50 per cent of the revenue would be shared by the bodies (*e.g.* Gram Panchayat, Anchal Samity, Zilla Parishad as the case may be) or, in such proportions as may be prescribed in the rules.
- (4) The Deputy Commissioner with the permission/sanction of the Government and in consultation with the concerned District Fisheries Development Officer may, by notification in the prescribed manner, declare any group of water bodies, running or stagnant, except private waters to be a fishery and shall be declared/deemed to be acquired by the public or any persons (if interested for the Fisheries development), immediately after the enactment of this Bill and the rules made thereunder.
- Destruction of fish by explosives or by similar/allied substances.
4. If any person uses dynamite or any other explosive substances like crackers, hand grenade or similar explosives in any water intentionally, thereby to catch or destroy fishes therein, he/she shall be punishable with imprisonment, for a term which may extend to two months, or with fine which may extend to two thousand rupees or with both.
- Destruction of fish by poisoning waters.
5. (1) If any person puts any poison, lime or any noxious materials into any water, with the intention, to catch or destroy any fishes, he/she will be punishable with imprisonment for a term which may extend to two months, or with fine which may extend to two thousand rupees or with both.
- (2) The provisions of sub-section (1) of this section will not debar the Fisheries Department to use such poisons and other materials, as stated therein for the specific purpose of destruction of any fish/allied species or predators in any water, either directly or indirectly, under the control of Fisheries Department or, elsewhere.
- Power to make rules.
6. (1) The Government may, by notification in the Official Gazette, make rules, in respect of all "Fisheries", to prohibit or regulate all or any of the following matters, and may also by notification apply such rules or, any of them to any private water, with the consent in writing of the owner thereof, and of all persons having, for the time being exclusive right of fishery/aquaculture therein :-

THE ARUNACHAL PRADESH HOME GUARDS ORDINANCE, 2006
(NO. 2 OF 2006)
AN
ORDINANCE

to provide a volunteer organization for use in emergencies and for the incidental purposes in the State of Arunachal Pradesh :

WHEREAS the Arunachal Pradesh Legislative Assembly is not in session and the Governor is satisfied the circumstance exists which render it necessary for him to take immediate action.

NOW, THEREFORE, in exercise of the powers conferred by clause (1) of article 213 of the Constitution of India, the Governor is pleased to make and promulgate in the Fifty-seventh Year of the Republic of India, the following Ordinance, namely :

1. (1) This Ordinance may be called the Arunachal Pradesh Home Guards Ordinance, 2006.	Short title, extent and commencement.
(2) It extends to the whole of the State of Arunachal Pradesh.	
(3) It shall come into force from the date of its publication in the Arunachal Pradesh Gazette.	
2. (1) The Governor of Arunachal Pradesh shall constitute for the State of Arunachal Pradesh a volunteer body called the Home Guards, the members of which shall discharge such functions and duties in relation to the protection of persons, the security of property and the public safety as may be assigned to them in accordance with the provisions of this Ordinance and the Rules made thereunder. Provided that the Governor of Arunachal Pradesh may, by notification in the Official Gazette, divide the State of Arunachal Pradesh into two or more areas and constitute such a volunteer body for each such area.	Constitution of Home Guards and appointment of Commandant General and Commandant.
(2) The Director General of Police shall be the ex-officio Commandant General of the Home Guards in whom shall vest the general supervision and control of the Home Guards throughout the State of Arunachal Pradesh. However, the Governor of Arunachal Pradesh may also appoint another officer as the Commandant General of the Home Guards, if so required.	
(3) The District Superintendent of Police shall be the ex-officio Commandant for the Home Guards constituted under sub-section (1), in each district.	
3. (1) Subject to the approval of the Commandant General, the Commandant may appoint as members of the Home Guards such number of persons, who are fit and willing to serve, as may from time to time be determined by the Commandant General and may appoint any such member to any office of Commandant in Home Guards.	Appointment of members.

Functions and duties of members.	(2) Notwithstanding anything contained in sub-section (1), the Commandant General, subject to the approval of the Commissioner/Secretary, Home, may appoint any such member to any post under his immediate control.
	4. (1) The Commandant may at any time call out a member of the Home Guards for training or to discharge any of the functions or duties assigned to the Home Guards in accordance with the provision of this Ordinance and the rules made thereunder.
	(2) The Commandant General may in an emergency call out a member of the Home Guards for training or to discharge any of the said functions or duties in any part of the State of Arunachal Pradesh.
Powers, protection and control.	5. (1) A member of the Home Guards when called out under Section 4 shall have the same powers and protection as an officer of police appointed under any Ordinance/ Act for the time being in force.
	(2) No prosecution shall be instituted against a member of the Home Guards in respect of anything done or purporting to be done by him in the discharge of his functions or duties as such member, except with the prior sanction of the District Magistrate.
Control by officers of police force.	6. The members of the Home Guards when called out under Section 4 in aid of the police force shall be under the control of the officers of the police force in such a manner and to such extent as may be prescribed by rules made under Section 8.
Certificate, arms, etc. to be delivered up by person ceasing to be member.	7. (1) Every person who for any reason ceases to be a member of the Home Guards shall forthwith deliver up to the Commandant or to such person and at such place as the Commandant may direct, his certificate of appointment or of office and the arms, accoutrements, clothing and other Home Guards properties, if any in his possessions which have been furnished to him as such member.
	(2) Any Magistrate, and for special reasons which shall be recorded in writing at the time, any police officer not below the rank of Assistant or Deputy Superintendent of Police may issue a warrant to search for and seize, wherever they may be found, any certificate, arms, accoutrements, clothing or other properties not so delivered up. Every warrant so issued shall be executed in accordance with the provision of the Code of Criminal Procedure, 1973 (2 of 1974), by a police officer or if the Magistrate or the police officer issuing the warrant so directs, by any other person.
	(3) Nothing in this section shall be deemed to apply to any article which under the orders of the Commandant General has become the property of the persons to whom the same was furnished.
Punishment of members for negligence of duty, etc.	8 (1) The Commandant shall have the authority to suspend, reduce, dismiss or fine an amount not exceeding Rupees two hundred and fifty, any member of the Home Guards, under his control, if such member, without reasonable cause, on being called out under Section 4 neglects or refuses to obey such order or to discharge his functions and duties as a member of Home Guards or to obey any such lawful order or direction given to him for the performance of his functions and duties or is guilty of any breach of discipline or misconduct, the Commandant shall also have the authority to dismiss any member of the Home Guards on the ground of conduct which has led to his conviction on a criminal charge. The Commandant General shall have the like authority in respect of any member of the Home Guards appointed to a post under his immediate control.
	(2) Notwithstanding anything contained in this Ordinance, the Commandant shall have the authority to discharge any member of the Home Guards at any time subject to such conditions as may be prescribed, if, in the opinion of the Commandant, the services of such member are no longer required. The Commandant General shall have the like authority in respect of any member of the Home Guards appointed to a post under his immediate control.
	(3) When the Commandant General or the Commandant passes an order suspending, reducing, dismissing or fining any member of the Home Guards under sub-section (1), he shall record such order or cause the same to be recorded, together with the reasons thereof and a note of the inquiry made in writing and no such order shall be passed by the Commandant General or the Commandant unless the person concerned is given an opportunity to be heard in his defence.

- (4) Any member of the Home Guards aggrieved by an order of the Commandant may appeal against such order to the Commandant General and any such member aggrieved by an order of the Commandant General may appeal against such order to the Secretary/Commissioner of Home, Govt. of Arunachal Pradesh within thirty days of the date on which he was served with notice of such order. The Commandant General or the Secretary/Commissioner of Home as the case may be, may pass such order as he thinks fit.

DEPARTMENT OF ADMINISTRATIVE REFORMS

OFFICE MEMORANDUM

The 28th August, 2006

Subject : **A scheme on recruitment examination to Group-C and up to the level of Group-B (Non-gazetted) posts against direct recruitment quota under various departments/offices/organizations-regarding.**

No. OM-21/85.—After the constitution of Arunachal Pradesh Public Service Commission the direct recruitment examinations for appointment to Group-B (Gazetted) and Group-A posts under the Government of Arunachal Pradesh are conducted by the Arunachal Pradesh Public Service Commission since 1989. However, the direct recruitment examinations in the level of Group-C to Group-B (Non-gazetted) posts are conducted by various appointing authorities of the departments/offices/organizations from time to time due to non formulation of a common examination scheme for recruitment to Group-C to Group-B (Non-gazetted) posts against direct recruitment quota by the State Government. This has led to adoption of various methods by the appointing authorities of departments/offices/organizations on the recruitment process.

2. In view of above and to ensure a proper examination process for recruitment to group-C to Group-B (Non-gazetted) posts in all the departments/offices/organizations, the Government of Arunachal Pradesh has now decided to introduce a common recruitment examination scheme as under :-

- All recruitment examination process for appointment in the level of Group-C to Group-B (Non-gazetted) posts against direct recruitment quota which include posts in police administration shall be conducted under the process detailed below :-

(a) General English	— 100 marks
(b) General knowledge	— 100 marks
(c) Elementary maths	— 100 marks (appointing authority could opt the specialized subject as per relevant Requirement Rules in place of Elementary Mathematics for posts like JE/Technical Assistant/Architectural Assistant/Draughtsman posts etc.)
(d) Viva voce Test	— 40 marks
Total	— 340 marks
- The candidates who secure more than 45 percent, out of aggregate mark of 300 but not exceeding 3 times of the actual vacancy may be eligible for appearing in the viva-voce test. The Selection Committee/Board is allowed to increase or reduce the limit of 45 per cent to certain extent to maintain the required number of candidates to 3 times of the actual vacancy. However, in case of non-availability of sufficient APST candidates the Selection Committee/Board may reduce the limit.
- Merit list of selected candidates shall be prepared by the Selection Committee/Board on the basis of marks secured by the candidate (out of the aggregate total of 340 marks).
- Registration of applicants in any of the Employment Exchange in Arunachal Pradesh is compulsory for all candidates for employment under the Government of Arunachal Pradesh irrespective of whether a candidate belongs to APST or Non-APST category.

Henceforth, all the recruitment examination for appointment to Group-C to Group-B (Non-gazetted) posts/services and against direct recruitment quota conducted by appointing authorities in various departments/offices/organizations under the Government of Arunachal Pradesh shall strictly observe the above mentioned Common Recruitment Examination Scheme.

All the appointing authorities are requested to comply with above guidelines while conducting recruitment examination to the posts/services in Group-C to Group-B (Non-Gazetted) level.

NOTIFICATION

The 6th September, 2006

No. SUD/Estt-181/2005.— In exercise of the power conferred by the proviso of article 309 of the Constitution of India, the Governor of Arunachal Pradesh is hereby pleased to make the following rules to regulate the method of recruitment to the post of **Deputy Director (Civil Engineer)** in the Urban Development and Housing Department, Government of Arunachal Pradesh, namely :-

1. Short title and commencement :-

- (1) These rules may be called the Recruitment Rules for the post (s) of Deputy Director (Civil Engineer), Group 'A', (Gazetted) Non-Ministerial, Rules, 2006.
- (2) They shall come into force on the date of publication, in the Arunachal Pradesh Gazette.
- (3) They shall apply to the posts as specified in column 1 of the schedule annexed to this rule.

2. Number of posts, classification and scale of pay :-

The number of posts, their classification and the scale of pay attached thereto shall be as specified in columns 2 to 4 in the Schedule aforesaid.

3. Method of recruitment, age limit and other qualification etc. :-

The method of recruitment to the posts, age limit, qualifications and other matters related thereto shall be as specified in columns 5 to 14 of the Schedule aforesaid.

4. Disqualification :- No person, —

- (a) who has entered into or contracted a marriage with a person having a spouse living ; or
- (b) who having a spouse living has entered into or contracted a marriage with any person shall be eligible for the appointment to the said posts.

Providing that the Governor of Arunachal Pradesh may, if satisfied that such marriage is permissible under the personal law applicable to such person and the other party to the marriage and that there are grounds for so doing exempt any person from the operation of these rules.

5. Power to relax :-

Where the Governor of Arunachal Pradesh is of opinion that it is necessary or expedient so to do, he may by order for reasons to be recorded in writing and in consultation with the Arunachal Pradesh Selection Board/Public Service Commission, relax any of the provisions of these rules with respect to any class or category of person.

6. Repeal and saving :-

All rules and procedures corresponding to these rules and procedures in force immediately before the commencement of these rules are hereby repealed, provided that any order made or action taken under the rules so repealed shall be deemed to have been validly made or taken under the corresponding provisions of these rules.

Nothing in these rules shall affect reservation / relaxation of age limit and other concession required to be provided for the Scheduled Castes and the Scheduled Tribes and other special categories of persons in accordance with the order issued by the State / Central Government from time to time in this regard.

DEPARTMENT OF ENVIRONMENT & FORESTS
ITANAGAR

NOTIFICATION

The 7th August, 2006

No. FOR. 188/E-1(B)/2005. —In exercise of the powers conferred by the proviso to Article 309 of the Constitution of India, the Governor of Arunachal Pradesh is pleased to make the following rules further to amend the Recruitment Rules for the post of Range Forest Officer, 2003 in the Department of Environment and Forests under the Government of Arunachal Pradesh namely :

1. Short tile and Commencement :

- (i) These rules may be called the Recruitment Rules for the Post of Range Forest Officers (Amendment), 2006.
- (ii) They shall come into force on the date of their publication in the Official Gazette.

2. Amendment of the Schedule :

- (i) In column 8 of the Schedule to the Recruitment Rules for the post of Range Forest Officer, 2003 the following entries shall be substituted namely :-

“Candidates must possess Bachelor’s degree (or equivalent) in Science or Engineering of any recognized University with at least one of the following subjects :

- (1) Agriculture
- (2) Botany
- (3) Chemistry
- (4) Computer Applications/Computer Science
- (5) Engineering (Agriculture/Chemical/Civil/Computer/Electrical/Electronics/Mechanical)
- (6) Environmental Science
- (7) Forestry
- (8) Geology
- (9) Horticulture
- (10) Mathematics
- (11) Physics
- (12) Statistics
- (13) Veterinary Science
- (14) Zoology

The minimum standards of height and chest girth shall be as follows :

(i)	Height (Cm.)	Chest girth (Cm.)		
		Normal	Exp.	
	Male candidate	163	84	05
	Female candidate	150	79	05

The following minimum height standards will be allowed in case of candidates belonging to ST and races such as Assamese, Bhutanese, Garhwalis, Gorkhas, Kumaonis, Ladakhese, Mizo, Naga, Nepalese, Sikkimese and those from Arunachal Pradesh, Lahaul and Spiti, Meghalaya.

Male Candidate—152 Cm.

Female Candidate—145 Cm.

Male/Female candidate must pass a physical test covering a distance of 25/16 Kms. within four hours on foot, respectively”.

“Health Certificate : Sponsoring Authority shall arrange for medical examination by a Medical Board. The board shall issue health certificate and also certify that the candidate is fit to undertake strenuous outdoor work in Forest Department”.

(ii) In column No. 10 for the existing entry, the following entry shall be substituted namely :-

Duration : 18 months. There shall be a term break of 30 days during the course. Principal may fix time of term break. The period of term break shall count towards earned leave. The candidates will have to successfully complete the professional induction training of 18 months duration in Forest Rangers Colleges.

(iii) In column No. 11 to the schedules for the existing entry, the following entry shall be substituted, namely :-

“ $33\frac{1}{3}$ percent by promotion

$66\frac{2}{3}$ percent by direct recruitment on the basis of merit adjudged through written competitive examination on the following subjects followed by viva-voce test.

Competitive Examination

Compulsory Subject :

(i) English (Essay, Precise writing etc.)	— 100 marks
(ii) General Knowledge	— 100 marks

Optional Subjects :

- (i) Any two subjects out of the following subjects — 200 marks each.
- (1) Agriculture
 - (2) Botany
 - (3) Chemistry
 - (4) Computer Applications/Computer Science
 - (5) Engineering (Agriculture/Chemical/Civil/Computer/Electrical/Electronics/Mechanical)
 - (6) Environmental Science
 - (7) Forestry
 - (8) Geology
 - (9) Horticulture
 - (10) Mathematics
 - (11) Physics
 - (12) Statistics
 - (13) Veterinary Science
 - (14) Zoology

(The standard of these subjects shall be that of a Bachelor's Degree)

Note : No candidate shall be allowed to take more than one subject of the group (i) Agriculture, Agricultural Engineering and Veterinary Science (ii) Chemistry and Chemical Engineering (iii) Computer Application/Computer Science and Computer Engineering (iv) Electrical Engineering and Electronic Engineering (v) Mathematics and Statistics. 80 percent (eighty percent) of the post in direct recruitment are reserved for APST candidates. Viva-voce test 75 marks”. Syllabus for competitive examination will be as per Annexure- A” to the schedule.

SYLLABUS FOR DIFFERENT SUBJECTS FOR THE
RECRUITMENT EXAMINATION FOR RANGE FOREST OFFICER IN THE
DEPARTMENT OF ENVIRONMENT AND FOREST
GOVERNMENT OF ARUNACHAL PRADESH
COMPULSORY SUBJECTS-2(TWO)

1. GENERAL KNOWLEDGE – 100 Marks

The paper on the general knowledge will include question covering current event of national and international importance, history of India including that of North East with special reference to Arunachal Pradesh, Indian Freedom Movement, and constitution of India, General appreciation and understanding of science including everyday matter of observation and experience as may be expected of well-educated person. Geography of nature, political system including local self government in Arunachal Pradesh, India's economy.

2. GENERAL ENGLISH – 100 Marks

Essay, Precise writing, Letter writing, Usages, Vocabulary and application of grammar.

3. OPTIONAL SUBJECTS 2 (two) Subject carrying 200 Marks each.

1. Agriculture
2. Botany
3. Chemistry
4. Computer Applications/Computer Science
5. Engineering
(Agriculture/Chemical/Civil/Computer/Electrical/Electronics/Mechanical)
6. Environmental Science
7. Forestry
8. Geology
9. Horticulture
10. Mathematics
11. Physics
12. Statistics
13. Veterinary Science
14. Zoology

4. VIVA VOCE TEST – 75 Marks

Each optional subject will have one paper carrying 200 marks each. The standard and syllabus of each subject are approximately those of the University Degree Course Examination. A candidate is to select any two of the above subjects but will not be allowed to offer the following combination of subjects.

- (a) Agriculture, Agricultural Engineering and Veterinary Science.
- (b) Chemistry and Chemical Engineering.
- (c) Computer Application/Computer Science and Computer Engineering.
- (d) Electrical Engineering and Electronic Engineering.
- (e) Mathematics and Statistics.

BOTANY

1. **Origin of life** : Basic ideas on origin of earth and origin of life.
2. **Biological Evolution** : General account of biochemical and biological aspects of evolution and speciation.
3. **Cell Biology** : Cell structure, function or organelles, mitosis, meiosis, significance of meiosis, differentiation, senescence and death of cells.
4. **Tissue System** : Origin, development, structure and function of primary and secondary tissues.
5. **Genetic** : Law of inheritance, concept of gene and genetic code, linking, crossing over, gene mapping, mutation and polyploidy, hybrid vigour, sex determination, genetics and plant improvement.
6. **Plant diversity** : Structure and function of plant form from evolutionary aspect (Viruses to angiosperms including license and fossils).
7. **Plant systematic** : Principle of nomenclature, classification and identification, modern approaches in plant taxonomy.
8. **Plant growth and development** : Dynamics of growth, growth movement and growth substances, factor of morphogenesis, mineral nutrition, water relation, elementary knowledge of photosynthesis, respiratory metabolism, nitrogen metabolism, nucleic acids and protein synthesis, enzymes, secondary metabolites, isotopes in biological studies.
9. **Method of reproduction and seed Biology** : Vegetative, asexual and sexual methods of reproduction, physiology of flowering, pollination and fertilization, sexual incapability, development, structure, dormancy and germination of seed.

- (a) **Plant Physiology** : Including transpiration, absorption of water, respiration, photosynthesis assimilation and photoperiodism etc.
- (b) **Plant Pathology** : Knowledge of disease of rice, wheat, sugarcane, potato, mustard, groundnut and cotton crops, principle of biological control, crown gall.

10. **Plant and Environment** : Biotic components, ecological adaptations, types of vegetation zones and forests in India, deforestation, forestation, social forestry, soil erosion, wasteland, reclamation, biodiversity conservation, NTFPs, joint forest management, micro-planning and landscape ecology.

11. **Botany-A Human Concern** : Importance of germplasm resources, endangered, threatened and endemic taxa, cell tissue organ and protoplast culture, propagation and enrichment of genetic diversity, plants as sources of food, fodder, forage, fibres, fatty oils drugs, wood and timber, paper rubber beverages, spice essential oils and resins, gums dyes insecticides, pesticides and ornamentation.

12. Biomass as a source of energy, bio-fertilizer, technology in agro-horticulture medicine and industry.

CHEMISTRY

Atomic number, electron configuration of elements, Aufbau principle Hund's multiplicity Rule, Pauli's exclusion principle long form of the periodic classification of elements, salient characteristic of 's', 'p', 'd' and 'f' block elements,

Atomic and ionic radii, ionization, potential, electron affinity and electronegativity, their variation with the position of the element in the periodic table.

Natural and artificial, radioactivity, the theory of disintegration, disintegration and displacement law's radioactivity series nuclear binding energy, nuclear reaction fission and fusion, radioactivity isotopes and their use.

Electronic theory of valency elementary ideas about sigma and pi-bonds hybridization and directional nature of covalent bonds. Shapes of simple molecules bond order and bond length.

Oxidation state and oxidation number, common redox reactions some equations.

Bronsted and Lewis theories of acids and bases.

Chemistry of common elements and their compounds, treated from the point of view of periodic classification.

Principle of extraction of metals as illustrated by sodium, copper, aluminium, iron and nickel.

Werner's theories of coordination compounds and types of isomerism and 6 and 4 coordinate complexes. Role of coordination compounds in nature common metallurgical and analytical operation.

Structure of diborane, aluminium, chloride ferrocene, alkyl magnesium halides, diethylenetriamine-platinum and xenon chloride.

Common ion effect, solubility products and their application in qualitative inorganic analysis.

Electron displacement—Inductive, mesomeric and hyperconjugative effects—effect of structure on dissociation constants of acids bases—bond formation and bond fission of covalent bonds—reaction intermediates carbocations, carbonions, free radicals and carbon-nucleophiles and electrophiles.

Alkanes, Alkenes and Alkynes—petroleum as a source of organic compounds—simple derivatives of aliphatic compounds halides, alcohol, aldehydes, ketones acids, esters and chlorides, amides anhydrides, other amines and introcompounds monohydroxy alcohols and amino acids—Grignard's reagents—active, methylene group malonic and acetoacetic esters and their synthetic uses—unsaturated acids.

Stereochemistry elements of symmetry chirality's optical isomerism and lactic and tartaric acids. D.L. notation, R.S. notation of compounds containing chiral centres, concept of conformation Fischer, sawhorse and Newman projections of butane-2, 3 diol geometrical isomerism of maleic and fumaric acids, E and Z notation of geometrical isomers.

Carbohydrates : Classification and general reactions structure of glucose, fructose and sucrose, general idea on the chemistry of starch and cellulose.

Benzene and common monofunctional benzenoid compounds, concepts of aromaticity as applied by benzenesulphonic acid and pyrrole—orientation influence in aromatic substances—chemistry and uses of diazonium salt.

Elementary idea of the chemistry of oils fat, protein and vitamins— their role in nutrition and industry.

Basic principles underlying spectral techniques (UV visible, IR Raman and NMR) Kinetic theory of gases and gas laws. Maxwell's law of distribution of velocities. Van der Waal's equation law of corresponding states, specific heat of gases, ratio CP/CV, thermodynamics, the first law of thermodynamics, isothermal and adiabatic expansions, enthalpy, heat capacity and thermo-chemistry, heat of reaction, calculation and bond energies Kirchhoff's equation, criteria for spontaneous changes, second laws of thermodynamics, entropy free energy, criteria for chemical equilibrium.

Solution : Osmotic pressure, lowering of vapour pressure, depression of freezing point and elevation of boiling point, Determination of molecular weight in solution, association and dissociation of solute.

Chemical equilibrium : Laws of mass action and its application of homogeneous and heterogeneous equilibrium, Le Chatelier's principle and its application to chemical equilibrium.

Chemical Kinetics : Molecularity and order of reaction, first order and second order reactions. Temperature coefficient and energy activation, Collision theory of reaction rates qualitative treatment of theory of activated compounds.

Electrochemistry : Faraday's laws of electrolysis, conductivity of an electrolyte, equivalent conductivity and its variation with dilution. Solubility of sparingly soluble salts Electrolytic dissociation Ostwald's dilution law, normality of strong electrolytes solubility products, strength of acids and bases. Hydrolysis of salts hydrogen ion concentration, Buffer action, Theory of indicators.

Reversible cell : Standard hydrogen and calomel electrodes, Redox potentials concentration cells, ionic product of water, potentiometric titrations.

Phase Rule : Explanation of term involve. Application to one and two component system. Distribution law.

Colloids : General nature of colloidal solutions and their classification, coagulation, protective action and Gold number.

Absorption :

Catalysis : Homogeneous and heterogeneous catalysis promoters and poisons.

FORESTRY

1. Principle of Forestry : Introduction for forestry : Forest and ecology, Tree study , Land and forest products measurement, Forest and its environment, Forest management, Wood characteristics, Identification and uses, Wood for energy.

2. Principle of Wildlife conservation : Concepts of wildlife and history of wildlife preserve and wildlife management and relationship with allied subjects. Wildlife value and conflicts Aesthetic economic, scientific, ecological, religious recreational land use priorities, crop destruction, disease.

Carriers, studies of important, rare and endangered species of India and steps taken for their preservation ; sanctuaries, national park, biospheres reserves and zoological parks of the country, fundamental of morphology, classification, development, habit damage and control of insects attacking trees, with emphasis on these injuring trees and forest of the region.

3. Forest Measurements : Theory of measurement and estimation procedure use of mensurational instrument, measurement of diameter girth, height, form, bark thickness, mathematical and statistical principles and technique used to determine the volume and growth of tree and strand introduction of static and dynamic, forest models defining what they are and how they might be used and how they are developed. Assessment of growing stock and determination of yield.

4. Dendrology : Taxonomy and its significance. Brief history of classification system, plants nomenclature, importance, history international code of botanical nomenclature, plant geography, introduction, geography and relationship to plant distribution, physiographic are and their taxonomy. Modern trends in plant taxonomy, chemotaxonomy, palynology, numerical taxonomy, cyto-taxonomy, systematic botany of Indian forest trees and shrubs, criteria of identification, reproductive biology of important trees and shrubs.

5. Silviculture I (Nursery management) : Biology of seed production by forest trees, forest trees seed, collection, extraction, storage and testing germination growth seedling eco-physiology. Nursery location and design consideration-soils aspect of nursery management control of grasses and weeds, types of nursery beds and their protection, seeds beds and shading method of irrigation, use of chemical types of containers, direct sowing vs transplanting transplant raised from stumps outing. Evaluation of seedling quality.

6. Forest Ecology and Forest Fires : Basic ecological principles and concepts scope and importance of ecology in conservation of natural resources, land use, forestry, grassland management and wildlife-ecology and its relation to other sciences, Eco-system components, the food chain, tropic structure and ecological pyramids, forest environment; Forest biotic and abiotic components, their interrelationship and importance in forest ecology, interaction of different environmental factors, principles of limiting factors, ecological indicators, biotic community concepts. Life form structure and physiognomy concepts of ecological dominance, competition, tolerance aggression seral and climax communities, ectones and edge effect, vegetation dynamic auto-ecology, growth requirement of species competition moisture requirements and development, ecological productivity, environmental pollution.

Fire related syncology and auto-ecology of dominant species in forest and rangeland habits impact of fire on vegetation succession, effect of fire on soil nutrient cycling, forest development, natural role of fire in forest prescribed burning, use of fire as a silviculture and hazard treatment tool use land development of fire danger rating system, fuel inventory, fire weather forecast, fire prevention, fire detection system, fire control and suppression procedures.

7. Silviculture (Regeneration Methods) : Theory and practice involved in natural and artificial forest stand regeneration including species growth and silvicultural characteristic, soil/site relationship site evaluation, site preparation methods including mechanical and chemical control of vegetation insects and diseases consideration, methods of insuring desired species composition in stand use of fire reforestation, regeneration by seed, coppice, root suckers sowing/transplanting stumps, branch cutting and rhizomes.

8. Silviculture (System) : Economic, soil and biological analysis of immature and mature stand management alternatives, diagnosis and presentation at intermediate stand treatments, and harvesting systems, cutting system and culture operations including clear felling, shelter wood, selection and coppice systems. Principle and techniques involving vegetation control, thinning, pruning, fertilizers and harvesting seed production systems and tree improvement, integration of non-timber.

Production, Environment consideration related to stand treatments, conservation of management regime from one silviculture system to another.

9. Integrated pest management : Key factors capable of damaging forests and reducing forest yields, casual relationships and interactions between insects and disease control, general principles of integrated control measures control methods, chemical insecticides, biological, silviculture, mechanical and physical attractants and repellants, male-sterile technique, Legislative control and plant quarantine measure impact and control as related to management objectives.

10. Wood anatomy : Introduction the cambium anatomical characteristics of the root, secondary growth in dicotyledonous roots stem primary and secondary structure, dicot and monocot stems, secondary growth in dicotyledonous stem, annual rings of growth rings, periderms, phellogen, phellem, commercial cork, phelloderm, lenticels, secondary xylems and lucia, gougainvillea, leptadenia and salvedora, Detailed study of collenchyrnas sclerenchyma, zylem and phloem.

11. Remote sensing in forest : Theory , principles and techniques of interpretation for utilizing, serial photos for inventory and management of forest resources land form evaluation, hydrologic terrain erosion analysis land use/cover mapping and disease and insect infestations, photo mensurational techniques in preparation of stand and tree volume table; planning large scale aerial photo-projects and procurement of aerial photographs; introduction to remote sensing and the use of satellite and large scale imagery in resource mapping.

12. Forest Policy Legislation and Planning : Forest policy, definition, scope, legal and institutional approaches to forest resources management, foundation of a stable forest policy, India's national forest policy, forest law, legal definition of forest laws that effect the harvest and transport of forest produce laws effecting the right and responsibilities of panchayats, application of penal codes as forest principles of criminal law, criminal procedure codes as applied to forestry, law of evidence and the Indian evidence act, wildlife legislature principles and methods of forest planning, planning at the national level, the role of natural resources in development forests placed in National Policy, Impact of forest management and policy decisions in public welfare, multiple objectives land use planning concepts, types of forestry projects and the criterion for their evaluation, project design and evaluation, project implementation, monitoring and control.

13. Tribology : Definition of forestry, stage of forestry development and its influence on forestry today, distribution of major forest types in India, production and relatives importance of climate, topography in India, production and relative importance of climate, topography and soil, forestry as a development tool, forestry organization and agencies, their structure, organization and mandates, forestry employment opportunities forestrer's role in increasing wood, water, wildlife and forage value, tribology, introduction- definition, types distribution and demography of tribes. Racial classification, constitution al provisions for the development of scheduled tribes. Concepts of races, tribes, family clan and kinship, principle of social grouping, cultural traditional, customs, ethos, belief and practices of tribal in general.

14. Tree Improvement : Emphasis is on the value and implementation of tree improvement in forest management programme. Study includes genetic of establishment and management, seedling vrs clonal seed orchards, seed certification, selection practices in forestry, progeny testing, breeding for disease and pest resistance for wood, properties for agro-forestry objectives, tree, Introduction, use of indigenous vrs. exotic species, species testing. Provenance testing.

15. Wildlife management : Biological and ecological basis of management, distribution and behaviour of animals, environmental gradients, zoo-geographic regions of world with special reference to wildlife in India, fundamental requirements of wildlife, territory, factor affecting animals population, biological surplus and extinction threshold, social organization and behaviour animal communities, general inter and specific relationship, techniques of field studies of wild life population estimation census and estimates.

16. Minor Forest Product : Fibre crops, fruits and nuts, gum and resins, dyes and tanning, forage corps.

17. Wood Technology : Wood , conversion, seasoning, wood attackers, wood borers, preservatives, marine borers, soft wood, hardwood, veneers, manufactured board, wood working, tools, hand tools, saws, planes, chisels, turning tools, veneering tools and fixing tools, power tools, electric drills, sawing, planners power sanding, spindle tools, wood work, turning, carving picture, farming, finishing wood, filling and sealing varnish, shellac-lacquer, wax and oil, painting, preservatives.

18. Forest Products and their utilization : Wood anatomy, structural properties of wood, density, texture, wood seasoning, wood preservation, composite wood products, use of adhesive, plywood, particles boards, pulp and paper, saw milling wood based industries logging definition, terminology, logging development process, felling practices and equipment, skidding practice and equipment, transportation practices and equipment, timber depots, size organization and management, forest labour, organization and management, wages planning of logging activities.

19. Advanced silviculture : Major forest types of India, silviculture, characteristics of the following families : Annonanceas, fixaceae and combretanceae, coniferae, clileniaceae, flacourtiaceae hand gramineae, guttifereae, eagaceae and juglandceae, legurninoceae, lythraceae, Magnoliaceae, malvaceae, theaceae and verbenaceae, forest dynamics, forest succession, computer model of forest succession, gap models, the biomass, response of landscapes, predicting largest scale consequences of small scale changes, a theory of forest dynamics.

20. Social Forestry : The concepts of social forestry, scope and objectives, choice of species and planting role of exotics in social forestry, nurseries growing and supply of seedlings, maintenance and monitoring, mass involvements and extension, benefits and constraint in the implementation of social forestry programme in India. Agro-forestry, farm forestry, role of forestry in watershed management.

21. Forest Economics and Project Evolution : Impact of time on investment planning, project formulation, evaluation (Benefit cost analysis), project management, externalities not covered by benefit cost analysis, forest valuation.

22. Joint Forest Management : Principles and practices, micro-planning, Forest Development Agency (FDA), village Forest Management Committee.

GEOLOGY

1. Introduction of Geology
2. General Geology
3. Structural Geology
4. Geotectonic
5. Crystallography, scope of mineralogy and definitions of minerals, physical and descriptive mineralogy.
6. Crystal chemistry and geochemistry, crystal chemistry and thermodynamics
7. Igneous petrology
8. Sedimentary petrology
9. Metamorphic petrology
10. Principles of stratigraphy
11. Indian stratigraphy and stratigraphy of North-Eastern India
12. Ore Genesis
13. Indian Mineral deposits
14. Hydrology
15. Paleontology and its principles
16. Engineering Geology
17. Prospecting and Mining methods

MATHEMATICS

1. Algebra : Elements of Set Theory, Algebra of Real and Complex numbers including De Moivre's Theorem Polynomials and polynomial equations, Relations between Coefficients and Roots, Symmetric functions of roots.

Elements of Group Theory : Sub-Groups, Cyclic groups, permutation groups and their elementary properties.

2. Vector Spaces and Matrices : Vector space, Linear dependence and independence sub-space, basis and Dimensions, Finite Dirnensional Vector spaces Linear transformation of a finite dimensional vector space, matrix representation, singular and non-singular transformations, Rank and nullity.

3. Matrices : Addition, Multiplication, Determinants of metric, properties of determinants of order inverse of a matrix, Cramer's rule.

4. Geometry and Vectors : Analytic geometry of straight lines and conics in Cartesian and polar coordinates, three dimensional geometry for planes, straight lines, sphere, cone and cylinder, addition, subtraction and products of vectors and simple application to geometry.

5. Calculus : Functions, sequences, series, limits continuity, Derivatives, Application of Derivatives; rates of charge, Tangents, normal, maxima, minima, Rolle's theorem , of Lagranga and Cauchy, asymptotes curvature methods of finding indefinite integrals, definite integrals, fundamental theorem mean value theorans of integral calculus, application of definite integrals to area, length of a plane curve, volume and surfaces of revolution.

6. Ordinary differential equations : Order and degree of differential equation, first order differential equations, singular solution, geometrical interpretation, second order equations with constant coefficients.

7. Mechanics : Concepts of particles, Lamina, Rigid, Body, Displacement, Force, Mass, Weight, Motion, Velocity, Speed, Acceleration Parellelogram of forces. Parallelogram of velocity, acceleration, resultant, equilibrium of coplanar forces, moments couple, friction, centre of mass, gravity, laws of motion, motion of a particle in a straight line, simple harmonic motion, motion under conservative forces, motion under gravity projectile, escape velocity, motion of artificial satellite.

8. Elements of Computer programming : Binary system, Octal and Hexadecimal conversion to and from decimal systems, codes, bits, bytes and words in computer. Arithmetic and logical operations on numbers, precisions and Shift/Rotate operator, algorithms and flow charts.

9. Static's : Equilibrium of a system of particles, work and potential energy, friction, catenary's principle of virtual work, stability of equilibrium, equilibrium of forces dimensions.

10. Dynamics : Degree of freedom, and constraints, rectilinear motion simple motion, motion in a plane, projectiles, constrained motion, work and energy, conservation of energy, motion under impulsive forces, Kepler's laws, orbits under central motion of varying mass, motion under resistance.

11. Complex analysis : Analytic function, Cauchy-Riemann equations, Cauchy's integral formula, power series, Taylor's series, Laurent's series, Cauchy's residue theorem, contour integration, Conformal mapping, transformations.

12. Probability : Sample space, Events, Algebra of events, probability – classical, axiomatic approaches, combinatorial problems geometric problems. Probability and Baye's theorem, Random variables and probability. Distribution and continuous. Mathematical expectations, Binomial, poison and normal joint distribution of random variables, independence, central limit theorem in probability.

13. Statistics : Concepts of population, sample, variable, attribute, parameter and measures of location and dispersion. Moments, skew ness and kurtosis. Sample random sampling and sampling distribution of sample means and proportions.

PHYSICS

1. Mechanics : Units and dimensions, S.I. Units motion in one and two dimensions. Newton's laws of motion with applications, variable mass system, frictional forces, work, power and energy, conservative and non conservative system. Collisions conservation of energy, linear and angular momentum, rotational Kinematics, rotational, dynamics, equilibrium of rigid bodies, gravitation, planetary motion, artificial satellites, surface tension and viscosity, fluid dynamics, streamline and turbulent motion. Bernoulli's equation with applications. Stocke's law and its application. Special theory of relativity Lorentz transformation. Mass energy equivalence.

2. Waves and oscillations : Simple harmonic motion, travelling and stationary waves, superposition of waves, forced oscillations, damped oscillations, resonance, sound waves, vibrations of air columns, strings and rods, ultrasonic waves and their application, Doppler's Effect.

3. Optics : Matrix methods in paraxial optics, thin lens formulae, nodal planes, system of two thin lenses, chromatic and spherical aberration, optical instruments, eyepieces, nature and propagation of light. interference, division of wave front, division of amplitude. Simple interferometers, diffraction, Gratings, resolving power of optical instruments, Rayleigh criterion, polarization, production and detection of polarized light, Rayleigh scattering, Raman scattering lasers and their applications.

4. Thermal Physics : Thermometry, laws of thermodynamics, heat energies, entropy, thermodynamic potentials and Maxwell's relations, Van der-Walls equation of state, critical constants, Joule—Thomson effect, phase transition transport phenomenon, heat conduction and specific heat in solids, kinetic theory of gasses, ideal gas equation, Maxwell's velocity distribution, equiparation of energy, mean free path. Brownian motion, black-hour relation, Plank's law.

5. Electricity and magnetism : Electric charge fields and potentials, Coulomb's law, capacitance, dielectrics, Ohm's law, Kirchofts laws, magnetic field currents, ICR circuits, series and parallel resonance. Q—factor thermoelectric effort and their applications, electromagnetic waves, motion of charges particles in electricity and magnetic fields, particle accelerators, Vende-Graffs generator, Cyclotron betatron mass spectrometer, hall effect, dia-para and ferro magnetism.

6. Modern Physics : Bohr's theory of hydrogen atom, Optical and X-ray spectro-photo-electric effect, Compton effect, wave nature of matter and wave particle quality, natural and artificial radio-activity, alpha, beta and gamma radiation, electron decay, nuclear fission, and fusion elementary particles and their classifications.

7. Electronics : Vacuum tubes-diode and triode p and r - type materials, p-n diodes and transistors, circuits for rectification, amplification and oscillations, logic gates.

STATISTICS

1. Probability : Random experiments, sample space, event, algebra of events, probability on a discrete sample space, basic theorems of probability and simple examples based the conditional probability of an event, independent events, Baye's theorem and its application, discrete and continuous random variables and their distributions, expectation, moments, moment generating function, joint distribution of two or more random variables, marginal and conditional distributions, independence of random variables, coveriance, correlation coefficient, distribution of a function of random variables, Bernoulli binomial, geometric negative binomial, hyper geometric poisoning, multinomial, uniform data, exponential, gamma Cauchy, normal lognormal and bivariate normal distributions, real-life situations where these distributions provide appropriate models, Chebyshev's inequality, weak law of large numbers and central limit theorem for independent and identically distributed random variables with finite variance and their simple applications.

2. Statistical methods : Concept of a statistical population and a sample, types of data, presentation and summarization of date, measures of central tendency, dispersion skew ness and kurtosis measures of association and contingency, correlation, rank correlation. Infraclass correlation correlation ration, simple and multiple linear regression, multiple and partial correlations (involving three variables only), curve-fitting and principle of least squares, concepts of random sample, parameter and statistic, Z, X^2 -test and F statistics and their properties and applications, distributions of sample range and median, (for continuous distributions only), censored sampling (concept and illustrations).

3. Statistical Inference : Unbiased ness, consistency, efficiency, sufficiency, completeness, minimum variance unbiased estimation, Rao's Blackwell theorem, Lehmann-Scheffe theorem, Cramer-Rao's inequality and minimum chi-square, methods of estimation, properties of maximum likelihood and other estimators, idea of random interval, confidence intervals for the parameters of standard distributions, shortest confidence intervals, large sample confidence intervals.

Simple and composite hypotheses, two kinds of errors, level of significance, size and power of a test, desirable properties of a good test, most powerful test, Nyman pearson lemma and its use in simple examples, uniformly most powerful test likelihood ration test and its properties and applications.

Chi-square test, sign test, Wald-Wolfowitz run test, run test for randomness medium test Wilcoxon-Mann-Whitney test.

Walla's sequential probability ration test, OC and ASN functions application to binomial regression methods of estimation under simple and stratified random sampling, double sampling for ration and regression methods of estimation, two stage sampling with equal size first stage units.

Analysis of variance with equal number of observation per cell in one, two and three way classifications, analysis of covariance in one and two way classifications, basic principles of experimental designs, completely randomized design, randomized block design Latin square design, missing plot technique 2^M factorial design, total and partial confounding, 3^2 factorial experiments, split-plot design and balanced incomplete block design.

Optimization, Techniques : Different types of models in operational research, their construction and general methods of solution, simulation and Monte - Carlo methods, the structure and formulation of linear programming (LP) problem, simple LP model and its graphical solution, the simplex procedure, the two-phase method and the M-technique with artificial variables, the duality theory of LP and its economic interpretation. Sensitivity analysis, transformation and assignment problems, rectangular games, two person zero-sum games, methods of solution (Graphical and algebraic).

Replacement of failing or deteriorating items, group and individual replacement policies, concept of scientific inventory management analytical structure of inventory problems, simple methods with deterministic and stochastic demand with and without lead time, storage models with particular reference to dam type.

Homogeneous discrete-time Markov chains, transition probability matrix, classification of states and ergodic theorems, homogeneous continuous time Markov chains, poison process, elements of queuing theory M/M/1, M/M/K, G/M/1 and M/G 1 queues.

Solution of statistical problems on computers using well known statistical software packages like SPSS.

ZOOLOGY

1. Cell structure and function : Structure of an animal cell, nature and function of cell organelles, mitosis and Meiosis, Chromosomes and genes, law of inheritance, nutation.

2. General survey and classification of non-chordates (upto sub classes) and chordates (upto orders) of following protozoa, porifera, coelenterate. Platyhelminthes. Ascheminthes, Annelida, Anthorpoda, Mollusca, Echinodermata and Chordata.

3. Structure, reproduction and life history of following types Amoeba, Monocystis. Plasmodium. Paramecium, Sycon, Hydra, Obelia, Fasciola, Tania, Ascaris, Nereis, Pheretima, Leach, Prawn, Scorpion, Cockroach, a bivalve, a snail Balanoglossus, an Ascidian, Amphoxus.

4. Comparative anatomy of vertebrates : Integument endoskeleton, locomotory organs, digestive system, respiratory system, heart and circulatory system, urino-genital and sense organs.

5. Physiology : Chemical composition of protoplasm, nature and function of enzymes, colloids and hydrogenion concentration, biological oxidation, elementary physiology of digestion, excretion, respiration blood, mechanism of circulation with special reference to man nerve impulse, conduction and transmission across synaptic junction.

6. Embryology : Gametogenesis, Fertilization, Cleavage, gastrulation, early development and metamorphogenesis of frog. Ascidian and restrogressive metamorphosis neoteny development of foetal membrane in chick and mammals.

7. Evolution : Origin of live, principles and evidences of evolution, speciation, mutation and isolation.

8. Ecology : Biotic and abiotic factors, concept of eco-system, food chain and energy flow, adaptation of aquatic and desert fauna, parasitism and symbiosis. Factors causing environmental population and its prevention endangered species, Chronobiology and Circadium rhythm.

9. Economic Zoology : Beneficial and harmful insects.

10. Genetics : Mendelian laws of inheritance, recombination linkage and linkage maps, multiple, alleles, mutation (natural and inducted), mutation and evolution, meiosis, chromosorne.

HORTICULTURE

1. Introduction of Horticulture
2. Plan propagation
3. Fruit and vegetable crops - climate, package of practices for cultivation
4. Plantations crops
5. Manures and fertilizers
6. Extension education
7. Nursery management
8. Seed production and certification
9. Silviculture, Species and plantation crops
10. Forest production and conservation

11. Pest management of horticulture crops
12. Soil and Water
13. Post harvest technology of horticulture crops
14. Olericulture and floriculture
15. Advance plan propagation
16. Weed management
17. Application of biotechnology
18. Bamboo and medicinal plant cultivation and value addition, processing and industry

AGRICULTURE

Cell as structural and functional unit, protoplasm, cytoplasm, plastids etc. colloids, permeability osmosis etc. absorption of water and its movement inside plants, factors affecting solute - absorption and transpiration. Vapo-transpiration, mineral nutrition, role of major and minor elements. In growth and developments enzymes and enzyme activity in different physiological process carbon assimilation, respiration and photo respiration, nitrogen and fat metabolism, growth hormones and their importance in agriculture.

Properties and uses of nitrogen, phosphorus potassium, helium, magnesium, sulphur, iron, copper zinc, manganese boron, molybdenum, cobalt, mercury, aluminum antimony, lead silicon, arsenic and sodium in relation to agriculture with reference to soil plant and animal.

Amino acids, proteins carbohydrates, fats oil their concurrence. Classification, properties and functions nuclei, composition and types, properties, structure and biological of RNA and DNA chemistry of photosynthesis, pigments calvin cycle.

Role of microorganisms in soil fertility management, efficient uses of fertilizer acid soil management physical and chemical properties of soil, important biological process in soil - ammonification, nitrification identification and nitrogen fixation, soils of Indian and Arunachal Pradesh, factors affective loss of plant nutrients from soil effect of soil on nutrient availability.

Scope, aim, importance of horticulture in Arunachal Pradesh, influence of soil and climate in horticulture crops, principles of plants propagation by seed, cutting layering and grafting use of growth regulators in propagation, planning and management of nurseries. Orchard management practices. Types of vegetables crops, vegetables seed production, processing and preservation, cultivation of apples, pear, peach plum, papaya, pineapple, banana etc.

Concept of chromosome and gene, RNA and DNA, Mendelian principles of inheritance, plant breeding methods heterosis its utilization in crop improvement concept of new plant type architecture and production breeding steps in release of varieties.

Basic concept of wants, goods, welfare, utility, property, value price, demand, supply factors of production, consumption, exchange incomes national income and per capital income, farming systems and types of farms, factors of production land use etc. farm management principles of co-operation, different types of co-operative institutions, agricultural marketing structure of agriculture credit in India.

A brief historical review of development of agriculture in India and Arunachal Pradesh, factors effecting distribution of crops, classification of crops, physiology of reproduction of major crops, crops rotation and cropping intensity, Multiple relay and mixed cropping, cropping system, water management, weed control fertilizers and manures, bio-fertilizers, green manuring factors affecting quality of seeds, seed production, techniques, seed certification, procedures of Indian seed act.

Classification of insects of economics importance up to orders with examples, identification, nature of damage, life history and management of major insect pest of field crops, vegetables fruit trees, stores grains and domestic animals. Beneficial and productive insects with special reference to sericulture, apiculture and lac-culture, classification of pesticides, their formulation and hazards, integrated pest management.

Bacteria, fungi, actinomycetes, algae protozoa and viruses their role in natural process in soil, milk, water, food, industry and disease, symbiosis and ambiosis, process of infection and disease development, principles of plant disease control fungicides and chemotherapy, major diseases of crops with emphasis on symptoms ethology, spread, perpetuation and control.

Plant parasite nematodes, their pathogenicity, relationship with other micro-organism, methods of nematode control.

Meaning and importance of rural sociology, social change group dynamites and leadership, extension education philosophy, teaching methods. Extension programme planning.

Control of soil erosion- contouring, strip cropping, terracing, gully control structure etc. Soil and water conservation planning and application.

VETERINARY SCIENCE

1. General : Role of livestock in Indian economy and human health. Mixed farming, agro climate zones and livestock distribution. Socio-economic aspects of livestock enterprise with special reference of women.

2. Genetics and Breeding : Principal of genetic, chemical nature of DNA and RNA and their models and function. Recombinant DNA technology, transgenic animals, multiple ovulation and embryotransfer. Cytogenetics, immuno-genetics and biochemical and polymorphism and their application in animal improvement. Gene actions, systems and strategies for improvement of livestock for milk, meat, wool production and draught and poultry for eggs and meat. Breeding animals for disease resistance. Breeds of livestock, poultry and rabbits.

3. Nutrition : Role of Nutrition in animals health and production. Classification of feeds, proximate composition of feeds. Feeding standards, computation of rations, ruminant nutrition of total concepts of total digestible nutrients and starch equivalent system. Significant of energy, determinations. Conservation of feeds and fodder and utilization of agro-by-products. Feed supplement and additives. Nutrition deficiencies and their management.

4. Management : System of housing and management of livestock, poultry and rabbits, farm record, economics of livestock, poultry and rabbit farming, clean milk production veterinary hygiene with reference to water, air and habitation, sources of water and standards of potable water. Purification of water. Air hanges and thermal comfort. Drainage system and effluent disposal, biomass.

5. Animal production : (a) Artificial insemination, fertility and sterility. Reproductive physiology, semen-characteristics and preservation. Sterility its cause and remedies.

(a) Meat, egg and wool production, methods of slaughter of meat animals, meat inspection, judgement, carcass characteristics, adulteration and its detection processing and preservation. Meat products, quality control and nutritive value. By products, physiology of egg production, nutritive value grading of eggs preservation and marketing. Types of wool, grading and marketing.

6. Veterinary science : (i) Major contagious diseases affecting cattle, buffaloes, horses, sheep and goats, pig, poultry/rabbits and pet animals. Etiology, symptoms, pathogenicity, nagenesis, treatment and control of major bacterial viral racketsial and parasitic infections.

(ii) Description, symptoms, diagnosis and treatment of the following-

(a) Production disease of much animals, pig and poultry.

(b) Deficiency disease of domestic livestock and birds.

(c) Poisonings due to infected/contaminate foods and feeds, chemicals and drugs

7. Principles of immunization and vaccination. Different types of immunity, antigens and antibodies. Methods of immunization. Breakdown of immunity, vaccines and their use in animals. Zoonosos food-bome infections and intoxications, occupation hazards.

8. (a) Poisons used for killing animals -cuthanasia.

(b) Drugs used for increasing production/performance efficiency and their adverse effects.

(c) Drugs use to tranquilize wild animals as well as animals in captivity.

(d) Quarantine measures in India and abroad Act, Rules and Regulations.

9. Dairy science : Physics-Chemical and nutritiona properties of milk quality assessment of milk and milk products. Common tests and legal standards. Cleaning and sanitization of dairy equipment. Milk collections, chilling, transportation processing, packing storage and distribution. Manufacture of market milk, cream, butter, cheese, ice-cream, condensed and dried milk by products and Indian products.

Unit operations in dairy plant.

Role of microoorganism in quality of milk and milk products. Physiology of milk secretion.

CIVIL ENGINEERING

1. Engineering mechanic : Static's units and dimensions, SI units, vectors, coplanar and non coplanar force systems, equations of equilibrium, free body diagram, static friction, virtual work distributed force systems, first and second moments of area, mass movement of inertia.

2. Kinematics and dynamics : Velocity and acceleration in Cartesian and curvilinear coordinative systems, equations of motion and their integration, principles of conservation of energy and momentum, collision of elastic bodies, rotation of rigid bodies about fixed axis, simple harmonic motion.

3. Strength of materials : Elastic isotropic and homogenous materials, stress and strain , elastic constants, relation among elastic constants, axially loaded determinate and indeterminate members, shear force and bending moment diagrams, theory of simple bending, shear stress distribution, stitched beams.

4. Deflection of beams : Macaulay method, Mohr theorems, conjugate beam method, torsion, torsion of circular shafts, combine bending, torsion, and axial thrust, close coiled helical springs, strain energy, strain energy in direct stress, shear stress bending and torsion, thin and thick cylinders, columns and struts, Euler and Rankiane loads, principal stress and strains in two, dimensions–Mohrcircle–theories of elastic failure. Structural analysis, indeterminate beams proposed, fixed and continuous beams shear force and bending moment diagram, deflections, three hinged and two hinged arches, rib-shortening, temperature effects, influence lines.

5. Trusses : Method of joints and method of sections, deflection of plane pin-joined trusses.

6. Rigid frames : Analysis of rigid frames and continues beams by theorem of three moments, moment distribution method slope deflection method. Kani method and column analogy method metric analysis. Rolling loads and influence lines for beams and pin-joined girders.

7. Soil Mechanics : Classification and identification of soils, phase relationships surface tension and capillary phenomena, in soils, laboratory and field determination of coeff of permeability, seepage forces, flow nets, critical hydraulic gradient permeability of stratified deposits: Theory compaction, compaction control total and effective stress, pole pressure coefficient, shear strength param in terms of total and effective stress, Mohr coulomb theory, total and effective stress analysis of soil slopes, active and passive pressures, Rankiene and coulomb theories of earth pressure, pressure distribution on French sheeting, retaining walls, sheet pile walls, soil consolidation, terzahigh one dimensional theory of consolidation primary and secondary settlement.

8. Foundation Engineering : Exploratory programme for sub-surfaces investigations. Common types of boring and sampling, field test and their interpretation, water level observations, stress distribution beneath loaded areas by Bossiness and Steinbrenner methods use of influence chrs, constant pressure distribution determination of ultimate bearing capacity by Terzaghi, Skempton and Hansen's methods allowable bearing pressure beneath footings and rafts settlement enteria, design aspects of footings and rafts, bearing capacity of piles and pile groups, pile load tests, under reamed piles for swelling soil-well foundations, conditions of statistical equilibrium vibration analysis of single degree freedom system, general consideration for design of machine foundation: Earth quake effects on soil foundation system, liquefaction.

9. Fluid Mechanics : Fluid properties, fluid static, forces on place and curved surface, stability of floating and submerged bodies.

10. Kinematics : Velocity, stream lines, continuity equations, accelerations, irrigational and rotational flow, velocity potential and steam functions, flow net, separation and stagnation.

11. Dynamics : Euler's equation along streamline, energy and momentum equation, Bemoulli's theorem application's to pipe flow and free surface flows, free and forced vortices.

12. Dimensional analysis and similitude : Suckingham's theorem dimensionless parameter Sunilantics undistorted models, boundary layer on a float plate, drag and lift on bodies.

13. Laminar and turbulent : Laminar flow through pipe and between parallel plates, transition to turbulent flow, turbulent flow through pipes, friction factor variation, energy loss an expansions, contraction and other no uniformities, energy grade line and hydraulic grade line, pipe networks, water hammer.

14. Compressible flow : Isothermal and isentropic glows velocity of propagation of pressure wave, mach number, sub-sonic and supersonic flows shoot waves.

15. Open channel flow : Uniform and non uniform flows specific energy and specific flows critical depth, flow in contracting transition, free overall, wires hydraulic jump surges gradually varied flow equation and its integration, surface profiles.

16. Surveying : General principles : Sing conventions, chain surveying principles of plane table surveying two-point problem, three-point problem compass surveying, traversing, bearing, local attraction, traverse computations corrections.

17. Leveling : Temporary and permanent adjustments, fly levels, reciprocal levelling, contour levelling, volume computations, refraction and curvature corrections, theodolite adjustment, traversion, heights and distance, tachometric surveying.

Curved setting by chain and by theodolite, horizontal and vertical curves. Triangulation and base line measurements, satellite stains, trigonometric levelling, astronomical surveying, Celestin coordinates, solution of spherical triangles, determination of azimuth, latitude, longitude and time.

Principles of aerial photogrammetry hydrographic surveying.

MECHANICAL ENGINEERING

Statics : Simple application of equilibrium equations.

Dynamites : Simple application of equations of motion work energy and power.

Theory of machines : Simple examples of kinematics chains and their inventions, different types of gears, bearing, governors flywheels and their functions. Static and dynamic balancing of grid rotors. Simple vibrations analysis of bars and shafts.

Mechanics of solids : Stress, strain and Hook's law, shear and bending moments in beams, simple bending and torsion of beams spring and thin walled cylinders, elementary concepts of elastic stability, mechanical properties and material testing.

Manufacturing science : Mechanics of metal cutting, tool life, economics of machining, cutting tool materials, basic types of machine tool and their process, Automatic machine tools, transfer lines, Metal forming processes and machines shearing drawing, spinning forming, extrusion. Types of causing and welding methods. Powder metallurgy and processing of plastics.

Manufacturing management : Methods and time study, motion economy and work space design, operation and flow process charts, cost estimation break- even analysis. Location and layout of plants, material handing capital budgeting. Job shop and mass production, scheduling, dispatching, routing inventory.

Thermodynamics : Basic concepts, definitions and laws, heat, work and temperature. Zeroth law, temperature scales, behavior of pure substances, equations of state, first law and its corollaries, second law and its colollaries, analysis of air standard powder cycles, carnot, otto, diesel, brayton cycles, vapour power cycles, Rankine reheat and regenerative cycles. Refrigerat cycles Rankine reheat and regenerative cycle, Refrigeration cycles Ben coleman, vapour absorption and Vapour compression cycles anaylsis. Open and closed cycle gas turbine with intercooling, reheating energy conversion.

Flow of steam through nozzles, critical pressure ration, shock formation and its effect, steam generators, mountings and accessories. Impulse and reaction turbines, elements and layout of thermal power plants. Hydraulic turbines and pumps, specific speed, layout of hyraulic power plants. Introduction to nuclear reactors and power plants handling of nuclear waste.

Refrigeration and Air conditioning : Refrigeration equipment and operation and maintenance refrigerants, principles of air conditioning, psychrometric chart, comfort zones, humidification and dehumidification.

ELECTRICAL ENGINEERING

Electrical circuit : Network theorems and applications, Transient and steady state analysis of electric circuit. Transform techniques in circuit analysis. Resonant circuits, Coupled circuits, Balanced three phased circuits, Two-port networks, Network parameters. Elements of network synthesis, active filters.

E-M theory : Electronic and magnetostatic fields, Maxwell's, equations, Wave equations and electromagnetic waves, antennas and wave propagation. Transmission lines microwave resonators, wave guides.

Control systems : Mathematical modelling and simulation of physical dynamic systems, transfer function, time response and frequency response of Linear's system. Bode-plot and Nichols chart, stability of linear feedback control system, Routh Hurwitz and Nyquist criteria of stability steady- state errors, root locus diagrams. Basic concepts in compensator design, state variable methods in system modelling, analysis and design, controllability and observability, control system components error detectors and actuators.

Measurement and instruments : Electrical standards, error analysis, measurement quantities like current, voltage power, energy power factor etc. measurement on resistance, inductance, capacitance and frequency, indicating instrument, bridge measurements, Electronic measuring instruments, electronic multimeter, CRO, digital voltmeter, frequency counter, Q Meter, spectrum, analyzer, distortion meter, etc. Transducers. Thermocouple, the mistor, LVDT, strain gauges piezo-electric crystal etc. Use of transducers in the measurements of non-electrical quantities like temperature, pressure, flow rate, displacement acceleration noise level etc. data acquisition systems.

Electronics : Semi conductors and semi-conductor devices equivalent circuits. Transistors biasing, analysis of all types of amplifiers including feedback, d-c amplifiers, integrated circuit. Operation amplifier and its applications, analog computers, oscillators and wave form generators. Multivibrators, digital electronic, logic gates, Boolean algebra, combinational and sequential circuits arithmetic operations, memories A/C and D/A converters, micro processors.

Communication Engineering : Amplitude frequency and phase modulation, their generation and demodulation, noise.

Electrical Machines : D-C machines, Characteristics and performance analysis of motors and generators, Applications, starting and speed control of motors A-C generators, Construction and performance analysis measurement of machine parameters.

ENVIRONMENTAL SCIENCE

1. Definition and scope, basic components of environment: atmosphere and hydrosphere.
2. The living component of environment, the biosphere, ecosystem structure and function, impact of biosphere on environment.
3. Pollution, major categories of environmental pollution, air pollution particulate matter, the green house effect, problem of ozone depletion, acid rain.
4. Land and water pollution, bio-accumulation and bio-magnification of pollutants. Eutrophication, treatment of biodegradable wastes. Noise pollution.
5. Wildlife and its management, biodiversity, remote sensing, environment problems of North-East.
6. **Ecosystem :** Forest, grassland and wetland management, watershed approach to management of hills slopes, agricultural systems management, etc.
7. **Biodiversity management :** Biodiversity and its implication of environmental health. Environmental indicators. Protected Area networking, bio-fertilizers and its application in environmental health.
8. **Waste management :** Waste recycling, renewable and non-renewable energy sources, bio-energy, environmental implications of biomass energy and Wasteland management.
9. **Disaster management :** Environmental degradation and pollution management, impacts and mitigation of natural disasters.
10. **Environment policies and law :** Environmental legislation, public strategies in pollution control, Wildlife Protection Act 1972 as amended 1991, Forest Conservation Act, 1980. Indian Forest Act 1982 (revised). Air (prevention and control of pollution) Act, 1974. Water (prevention and control of pollution) CESS Act, 1977, the Environment (Protection) Act, 1986, Wetland policy and Law, Biotechnology and its legal implications, biodiversity convention, Kyoto Protocol, Bio-safety Bill.
11. **Environmental Techniques :** Environmental Impact Assessment (EIA) and Risk Assessment (RA), natural resource and environmental accounting, pollution prevention methodologies including national and international standards, application of remote sensing (RS) and geographic information systems (GIS) in natural resources management and environmental monitoring.
12. **Environmental degradation and sustainable development :** Biodiversity and natural resources conservation, restoration of degraded landscapes, role of foresters in maintaining ecological balance, environment and human welfare, institutional and public constraints and socio-economic implications of environmental degradation.
13. Environmental engineering
 - 13.1 Solid wastes, classification and characteristics, principle of solid waste management, collection, handling and disposal of solid wastes.
 - 13.2 Air pollution and its control, air pollutant, their standards, methods and equipments for control of air pollutant, environmental impact assessment, introduction, principles and methods of EIA, environmental legislation.

ELECTRONICS ENGINEERING

SECTION—A

1. Materials, Components & Devices : Structure and properties of Electrical and Electronic materials passive components-types and properties, Active components-types and properties, Solid state devices-physics, characteristics and models.

2. Network Theory : Network theorems, Steady state and transient response of electrical circuits, Network analysis, Elementary Network synthesis.

3. Electromagnetic theory and Microwave engg : Field theory, transmission line theory, Antenna theory, Propagation of electromagnetic waves in bounded and unbounded media, microwave components and microwave sources.

4. Measurements & Instrumentation : Measurement basis of electrical quantities, Measuring instruments and their principles of working, Transducers, Measurement of non-electrical quantities.

5. Computer Architecture/Organisation : Concepts of architecture and organization, Memory organization, Processing unit, Arithmetic and logic operations, Hardware and micro program control, Different types of memory, Arithmetic circuits, instructions.

SECTION—B

1. Linear & Nonlinear Analog Circuits : Basis linear electronic circuits, Single stage and multi stage BJT amplifiers, Tuned and feedback amplifiers, MOS and FET based circuits, Pulse shaping circuits, Waveform generators, Stabilizers.

2. Digital Circuits & Microprocessors : Logic circuits and Gates, Combinational and Sequential circuits, DACs and ADCs, Microprocessors-evolution and generations, 8085 Microprocessors-Instruction sets, programming, Interrupts, Subroutines, peripherals Intel 8251, 8255 etc.

3. Control systems : Feedback theory, Control system components, Response of control systems, Design of practical systems.

4. Communication systems : Basic Information theory, Error detection and control coding principles, Modulation and detection process, Noises, Various types of communication systems-radio and line communications, Television and radar navigation, Satellite communication principles.

COMPUTER ENGINEERING

SECTION—A

1. Electronics : Solid State device-Physics, characteristic and model logic families-DTL, RTL, TTL, CMOS, nMos, logic design-Binary arithmetic, Number system, Codes Boolean algebra circuit minimization, combinational circuits, synchronous, sequential circuits, Asynchronous sequential circuits, flip flops, counter and shift register, Karnaugh map, encoder, decoder, multiplexer, demultiplexer, etc.

2. Computer Programming and Data structures : Programming in FORTRAN, PASCAL and C, syntax and semantics, variables, control flow, arithmetic and Boolean expression, structural programming, Sub-Programming, Algorithms, Array, Stack, Queue, Linked lists, Tree, Binary tree, B-tree, Tree traversal, internal sorting techniques, object oriented programming.

3. Microprocessor : Organisation and Programming of 8 bit microprocessor, microprocessor support chips, (PPI, PIC, DMA controller etc.) interfacing memory and I/O devices, microprocessor development tools, microprocessor based system design. Introduction to 16 and 32 bit microprocessor, 8085 and 8086 microprocessor.

4. System Software : Microprocessor and assemblers, linker, loader, monitor, editor, relocation, re-entrant routine, coroutine.

SECTION—B

1. Computer Architecture : Micro instructions, memory organization, cache memory, virtual memory, stack array processor, pipeline processor, interconnection scheme for parallel processing, data flow machines, Internal structure of RAM, ROM, PAL and DRAM, SCSI Hard disk, CISC and RISC m/cs.

2. Operating System : Function and Component of OS, Batch processing, time sharing, Device driver, File system, process scheduling, concurrent processes, memory management, swapping segmentation and paging, virtual memory, disk scheduling, deadlock, case study of DOS and UNIX.

3. Compiler Design Programming languages : Lexical analysis, grammar, syntax analysis, topdown and bottom up parsing, semantic analysis, symbol table, error detection and recovery, code generation and optimization. Data abstraction, Design philosophy of pascal, functional languages, NFA and DFA, Study of compiler Design tools (e.g. YACC).

4. Data processing : File organization techniques, performance of sequential, indexed sequential, indexed, hashed inverted and multiring files, DBMS, relational data model, integrity constraints, relational algebra, relational calculus, normalization, concurrency control.

5. Computer Graphics : Graphics I/O devices, Display adapters, CGA, EGA, VGA, 2D line and curve drawing, 2D transformation windowing, curves of 3d surfaces, 3D modeling and transformation, 3D viewing Hidden line and surface removal, shading, device independent graphics system.

AGRICULTURE ENGINEERING

SECTION—A

1. Soil and Water Conservation Engineering : Hydrologic cycle rainfall and runoff- factors effecting them and their measurements, stream gauging-evaluation of runoff from rainfall. Infiltration, evaporation, hydrograph, flood routing Definition and scope of soil conservation ; Mechanics and type of erosion, their causes. Erosion control measure - Biological and engineering. Basic open channel hydraulic. Design of soil conservation structure-terraces, bunds, outlets, and grassed waterways. Gully control structure such as chute, drop and drop inlet spillways. Stream bank erosion and its control. Wind erosion and its control principles of flood control. Water harvesting. Design of farm pond and earth dams. Watershed management-investigation and implementation-selection of priority areas and watershed work plan.

2. Irrigation and Drainage Engineering : Source of water for irrigation. Techniques of measuring soil moisture. Soil waterplant relationship, Planning and design of minor irrigation projects. Command Area Development, Irrigation scheduling, Duty of water-consumptive use. Water requirements of crops. Measurement and cost of irrigation water. Measuring devices. Flow through orifices, weirs and flumes. Land levelling Water Conveyance and control. Water application methods-border irrigation, check basin irrigation, furrow irrigation, sprinkler irrigation, drip irrigation. Irrigation efficiencies and their estimation.

Occurrence of ground water, ground water resources development and their utilization, Hydraulics of wells. Types of wells their design and construction. Drilling methods. Well development and Testing of Wells. Types of pumps, Characteristics curve and selection of centrifugal, submersible and turbine pump. Economics of Pumping.

Drainage-Definition causes of water logging. Drainage coefficient, Methods of drainage. Drainage of irrigate lands. Design of surface and subsurface systems.

3. Agricultural Structure : Kinds of building materials their properties, Timber, brickworks and RC construction, design of columns, beams, roof trusses, joints. Layout of farm-stead. Design of farm houses, farm roads, fences animals shelters, storage structure for food grains, feed and forage, machinery sheds, green houses, poly houses.

SECTION—B

1. Farm Power and Machinery : Sources of farm power. Thermodynamics, construction and working of different types of internal combustion engines and their systems. Different types of tractors and power tillers. Clutch, power transmission, differential , final drive, power take off (p, t. o.), brake, steering, hydraulic systems, tyres and ballasting. Farm machinery for primary and secondary tillage, seeding machinery, intercultural tools and machinery. Plant protection equipment-spraying and dusting. Harvesting and threshing equipment. Machinery for land development. Ergonomics of man-machine system. Machinery for horticulture and afro-forestry, feeds and forages.

2. Agro Energy : Selection, installation, safety and maintenance of electric motors for agricultural applications. Solar, wind and biogas energy and their utilization in agriculture. Energy plantation and briquetting ; gasifiers and energy efficient cooking stoves.

3. Agricultural Process and Food Engineering : Importance processing of agricultural products. Principles and equipment for cleaning, grading, sorting and size separation. Engineering properties of agricultural produces and by products. Material handling equipment such as belt and screw conveyors, bucket elevators etc; their capacity and power requirement. Mechanical properties of biological materials ; size reduction and power requirement. Related machineries, Shelling, dehushing, and decortication of agricultural products. Milling and polishing. Mechanical extraction and solvent extraction of oils. Technology of processing of cereal products viz paddy, wheat pulses and oil seeds. Relates machinery, their maintenance ; and plant layout. Psychrometry, Theory of grain drying, Different types of grain dryers and dryer efficiency. Principles of preservation of foods. Various food preservation techniques viz-drying, heat-treatment such as pasteurisation, sterilization etc.; chemical treatment, refrigeration, freezing etc. Processing of milk and dairy products-homogenization, cream separation, sprayer and roller drying, butter making, ice cream, cheese and milk products Principles of heat and mass transfer and their application in the analysis of simple processing operations such as drying, evaporation, extraction.

CHEMICAL ENGINEERING

Engineering Mathematics : Determinants and matrices, system of linear equations, eigenvalues and eigenvectors.

Calculus — mean value theorems of integral calculus, partial, total and directional derivatives, maxima and minima. Sequences and Series, convergence, Fourier series.

Vector calculus — gradient, divergence and curl, line and surface integrals, Green, Gauss and Stokes theorems. Ordinary differential equations -first order equations linear and nonlinear equations, higher order linear equations with constant coefficients, initial and boundary value problems, Laplace transforms.

Complex analysis — complex numbers, polar form of complex numbers, Powers and roots, limit, derivative, analytical functions.

Probability and Statistics — concept of probability, means and variance, linear regression analysis.

Process calculations and Thermodynamics : Laws of conservation of mass and energy ; use of tie components ; recycle, bypass and purge calculations; degrees of freedom. First and Second laws of thermodynamics and their applications ; equations of state and thermodynamic properties of real systems ; phase equilibria ; fugacity, excess properties and correlations of activity coefficients ; chemical reaction equilibria.

Fluid mechanics and mechanical operations : Fluid statics, Newtonian and non-Newtonian fluids, Macroscopic energy balance, Bernoulli equation, dimensional analysis, continuity equation, flow through pipeline systems, flow meters, pumps and compressors, packed and fluidized beds, elementary boundary layer theory, size reduction and size separation ; free and hindered settling ; centrifuges and cyclones ; thickening and classification, filtration ; mixing and agitaion ; conveying of solids.

Heat Transfer : Conduction, convection and radiation, heat transfer coefficients, steady and unsteady heat conduction, Boiling, condensation and evaporation types of heat exchangers and evaporators and their design.

Mass Transfer : Fick's law, mass transfer coefficients, Film, penetration and surface renewal theories ; momentum, heat and mass transfer analogies ; stagewise and continuous contacting and stage efficiencies ; design and operation of equipment for distillation, absorption, leaching, liquid-liquid extraction, crystallization, drying, humidification, dehumidification and absorption.

Chemical Reaction Engineering : Theories of reaction rates ; Kinetics of homogeneous reactions, interpretation of kinetic data, single and multiple reactions in ideal reactors, non-ideal reactors ; non-isothermal reactors ; kinetics of heterogeneous catalytic reactions ; diffusional effects in catalysis.

Instrumentation and process control : Measurement of process variables ; dynamics of simple systems such as CSTRs, heat exchangers etc.; transfer functions and responses of simple systems, process reaction curve, controller modes (P, PI, and PID) ; control valves ; analysis of closed loop systems including stability, frequency response (including Bode plots) and controller tuning.

Plant Design and Economics : Design of chemical engineering equipment ; principles of process economics and cost estimation.

Chemical Technology : Inorganic chemical industries ; sulfuric acid, NaOH, fertilizers ; natural products industries (Pulp and Paper, Sugar, Oil, and Fats) ; petroleum refining and petrochemicals ; polymerization industries : polyethylene, polypropylene and synthetic fibres.

COMPUTER APPLICATIONS

SECTION—A

Introduction to Computer and programming : Computer Organizations ; Number Systems : Logic gates ; Boolean Functions ; NAND implementation ; NOR implementation ; Binary Codes ; Combinations ; Circuits ; Sequential Circuits :

Programming Fundamentals ; Algorithm Development ; Techniques of problem solving ; Flowcharting ; Programming in C, Pointers ; Structures and Unions ; File Management ; Object Oriented Programming : OOP programming ; methodologies ; Programming in C++; visual program design ; Programming using visual Basic/VC++ ;

Data Structures : Representation of Data ; Arrays ; Static and Dynamic implementations of data structures ; stacks and its applications ; Queues ; Linked Lists ; Trees ; Graphs : Different types of searching and sorting techniques ;

Business Data processing and File Systems : Data processing ; Concepts : relevance and cycle ; Organization and attributes of business data processing ; Programming Methodologies ; coding, testing and refinements ; Business systems ; Business computing ; Programming with COBOL ;

Operating Systems : Operating Systems Overview and functions ; Processes, Process and CPU scheduling ; Memory management ; Segmentation ; Deadlocks : Mutual Exclusions : classical Problems ; File system implementations ; Security and protection mechanisms ; Disks, clocks, terminals ; Case study of WINDOWS, WIN NT and UNIX operating systems ;

System programming and Compiler Design : Sets, strings, theory of automata, DFA, NFA, lexical analysis ; Formal languages, regular grammars, context free grammars, sensitive grammars ; Parsing techniques ; translation schemes ; code generation, symbol table management, error handling ; Assemblers, loaders, Linkers, relocating loaders etc.

SECTION—B

Computer Architecture : MIMD and SIMD computers ; CISC and RISC processors ; Superscalar processors ; Hierarchical memory technology : Virtual memory technology ; Linear pipeline processors ; Multiprocessor systems, Parallel programming concepts ; Parallel algorithms for multiprocessors ;

Software Engineering and System Design : Software product and process ; Generic phases, Project scheduling and tracking ; Verification, validation and performance evaluation ; Software measurement ; Software testing techniques ; Software Quality Assurance, Quality models : ISO 9000 and SEI-CMM ; Real time and Distributed systems ; System development life cycle ; System Design and modeling ; Data Flow diagram, Entity Relationship diagram, structure charts ;

Data Base Management Systems : Data abstraction and data integration ; components of DBMS ; Relational data manipulations ; SQL ; relational database design, functional dependencies, Oracle-Data types, SQL : Function, Procedure, Cursor, Exceptions, Triggers etc.

Data Communication and Computer Networks : Data Communication Systems ; Data transmission : Time domain and frequency domain concepts ; Analog and Digital data transmission ; Modulation techniques ; Computer network concepts : OSI and TCP/IP models ; LAN and MAC Layer protocols : Data Link Layer ; Network Layer : Routing techniques : Bridges, Routers, Gateways ; Transport Layer : TCP, UDP ; Internetworking ; IP Addresses, Application Layer ; Network programming : Sockets ; IPX/SPX procedures ; RPC ; Remote login ;

Computer Graphics : Basics of graphics systems ; Display devices ; Input devices ; Line drawing algorithms ; DDA algorithms, Circle drawing algorithms, Pixel addressing, anti-aliasing, clipping ; translation, rotation, scaling, reflection, shear, matrix representation.

Internet Technology and E-Commerce : Internet concepts ; S/W requirements and Internet service products ; Understanding the Web ; Internet programming with JAVA/Perl ; creating applets, Ebusiness concepts : Building blocks of E-commerce : Cryptography and security management ; Payment systems ; building e-commerce system, system architecture, secure links etc ;

NOTIFICATION

The 11th August, 2006

No. PR-214/2005.—The Governor, Arunachal Pradesh is pleased to constitute Arunachal Pradesh State Level Rural Business Hubs Council consisting of the following members.

1. Hon'ble Minister	— Chairman
2. Principle Secretary (Forest)	— Member
3. Secretary (PR)	— Member-Secretary
4. Secretary (Agriculture)	— Member
5. Secretary (Horticulture)	— Member
6. Secretary (Industry)	— Member
7. Secretary (Textile & Handicraft)	— Member
8. Secretary (Information & Technology)	— Member

The terms of reference of the committee will be as under :-

1. To identify the Champion Rural Products of the state in connection with Agriculture, Forest, Industries, Textile and Handloom, Handicraft and others.
2. Council is to play the role of a mentor in Rural Business Hubs programme by solving, handholding and guidance.
3. For the purpose of 1 and 2 above, to obtain reports and analysis from all concerned district, examining the same and finally obtaining the Champion Product for each district.
4. To take any other activities ancillary to all above activities or augmenting/supplementing the same. The council may co-opt any other member as may be felt necessary and expedient in the course of the business of the council.

OFFICE MEMORANDUM

The 15th September, 2006

No. OM-59/2006.— WHEREAS, the Assistant Engineers of the Department of Irrigation and Flood Control, better known as IFCD in short had filed a writ petition before the Hon'ble Guwahati High Court i.e. WP (C) No. 166 (AP) / 2006 and secured a judgment and order dated 31st May, 2006.

WHEREAS, the Hon'ble judge, while disposing of the case, has stated under para 10 & 11 of the order that "10. In view of the abandonment of the argument by the learned counsel for the petitioner that the pay of the petitioners is required to be stepped up at par with their erstwhile junior Junior Engineers and in view of the submission advanced that the case of the petitioners needs to be considered in terms of the ACP Scheme at par with the aforesaid judgment and order dated 23rd January, 2006 passed in WP (C) No. 504 (AP)/2005, I dispose of the writ petition with the following directions. 11. The respondents may consider the case of the petitioners as to whether they are covered by aforesaid ACP Scheme and in terms of the aforesaid judgment and order. If upon such examination, it is found that the petitioners are entitled to the benefit of the ACP Scheme and are eligible to the financial upgradations as envisaged in the Scheme subject to the conditions laid down therein, same may be extended to them. Whatever may be the outcome of the examination of the case of the petitioners, be it in the positive or in the negative, necessary order shall be passed and communicated to the petitioners. This shall be done as expeditiously as possible, preferably within four months."

WHEREAS, the matter was under examination in Government under Department of PWD, Department of Finance, Department of Administrative Reforms, Department of Law and Judicial and the following points have emerged :-

1. The ACP Scheme notified by the Government of India, Department of Personnel and Training, was adapted by the Government of Arunachal Pradesh in the Department of Administrative Reforms being the Nodal Department for service conditions and service matters.
2. Any clarifications, removal of doubts etc. regarding the implementation of the ACP Scheme are to be issued from the Department of Administrative Reforms.
3. The PWD, RWD, PHED, IFCD, Power Departments scales of pay of the Assistant Engineers were upgraded from Rs. 6500-200-10500 pm to Rs. 8000-275-13500 pm vide Government order No. SPWD-040/97-98/Pt-I dated 26th May, 1998.
4. The Governor of Arunachal Pradesh, under the powers conferred by the Article 309 of the Constitution of India has, vide its notification No.OM-40/2005 dated 14th August, 2006 inserted "Arunachal Engineering Service, Group-A (non-Ministerial) under column 3 of the Scheduled attached to the Recruitment Rules to the posts of Assistant Engineers under the Government of Arunachal Pradesh.
5. The Government of Arunachal Pradesh vide its Notification No. OM-42/2004 dated 31st August, 2006 have classified the posts/services under Government of Arunachal Pradesh. According to which all posts carrying a pay or scale of pay with a maximum of not less than Rs.13500 as Group-A posts.
6. The Assistant Engineers has got ample promotional avenues to the posts of Executive Engineers and further to the posts of Superintending Engineers and so on. Therefore, they are not in isolated posts which do not have promotional avenues.

7. The Junior Engineers (those having diploma qualification and engaged in Engineering jobs) are getting upgradation / financial benefit under different Scheme formulated by the Department of Power vide order No. PWRS/I-953/2003/232 dated 30th May, 2003 under the Government of Arunachal Pradesh as per rules and regulations applicable to their category of post. The claims of the petitioners are not comparable with the Junior Engineers, the later being Group-B non-Gazetted.

8. Even if the Junior Engineers were to get financial upgradation under the ACP Scheme, under condition No. 8 of the Scheme it is prescribed that the financial upgradation under the ACP Scheme shall be purely personal to the employee and shall have no relevance to his seniority position. As such, there shall be no additional financial upgradation for the senior employee on the ground that the junior employee in the grade has got higher pay scale under the ACP Scheme.

9. As per the ACP Scheme of Government of Arunachal Pradesh, only employees in Group-D, C, B and isolated posts in Group-A are entitled to financial upgradation under the ACP Scheme.

WHEREAS, it took considerable time for disposal of the instant case due to inter departmental reference / consultations and obtaining legal advice.

AND NOW THEREFORE, the claims of the Assistant Engineers in Writ Petition (C) No. 166 (AP)/2006, and the judgment and order dated 31st May, 2006 was considered in the relevant Departments and found that the claims are not covered in the ACP Scheme/Rules/Orders/procedures applicable under the Government of Arunachal Pradesh. Hence, the claims are rejected, being devoid of merit.

The Writ Petition (C) No. 166 (AP)/2006 filed by the Assistant Engineers of the Department of Irrigation and Flood Control and the directives and orders of the Hon'ble Learned Justice of dated 31st May, 2006 is complied with and the case is disposed of.

This order superceeds the Order issued vide No. SIFCD-04/2006 dated 30th August, 2006.

OFFICE MEMORANDUM

The 15th September, 2006

No. OM-59/2006.—WHEREAS, Sreegovinda Pal & few other Assistant Engineers in the Department of Public Works, (better known as PWD in short) had filed a writ petition No. 504 (AP) /2005 before the Hon'ble Guwahati High Court and secured judgment and order dated 23rd January, 2006 ; and

WHEREAS, in WP (C) No. 504 (AP) of 2005, while disposing of the petition, the learned judge observed in para 2 to 6 of the judgment and order, that "Having accepted the Assured Career Progression Scheme (in short, the ACP Scheme), on a petition similar to the Government of India, the Government of Arunachal Pradesh has decided to follow the ACP Scheme as reflected by the Office Memorandum, dated 9th August, 1999, issued by the Ministry of Personnel, Public Grievances and Pensions (Department of Personnel and Training) Government of India. However, while the Junior Engineers working in various Departments of the Government of Arunachal Pradesh, who fall under Group-C of the ACP Scheme have been given the benefit of the said Scheme, the petitioners, who have been functioning as Assistant Engineers in various Departments of the Government of Arunachal Pradesh and who fall under Group-B of the ACP Scheme have not been extended the benefit of the said Scheme. Terming the denial of the benefit of the ACP Scheme to the petitioners as arbitrary and discriminatory, the petitioners have approached the Court with the help of their writ petition seeking issuance of appropriate writ(s) commanding the respondents to grant the financial benefits under the ACP Scheme to the petitioners in terms of the said Scheme.

By his letter dated 10th May, 2005, the Joint Secretary, PWD, Government of Arunachal Pradesh has declined to extend the benefits of the Scheme to the petitioners has stated as follows

'I am directed to inform that the proposal for grant of financial benefit to Assistant Engineer, under ACP Scheme has been examined by the O&M Department and has observed that the scale of pay of Assistant Engineers were enhanced from Rs. 6500-200-10500 pm to Rs. 8000-275-13500 pm vide Government order No. SPWD-040/97-98/Pt-I dated 26th May, 1998.

Therefore, after enhancement of the scale of Assistant Engineer from Rs. 6500-200-10500 pm to Rs. 8000-275-13500 pm, they will not be entitled to double benefit under the ACP Scheme'.

On a careful reading of the contents of the letter, dated 10th May, 2005, quoted hereinabove, it clearly transpires that the financial benefits of the Scheme have not been extended to the petitioners on account of the fact that the scale of pay of the petitioners had been enhanced. There is no dispute before the Court that the ACP Scheme has nothing to do with the enhancement of an individual's pay scale, for the Scheme aforementioned compensates an employee for lack of promotional avenues.

In view of the above, it is abundantly clear that respondents / authorities concerned have misread and misconstrued the entire concept of the ACP Scheme and on such irrational, illogical and illegal ground, as the one, which the letter, dated 10th May, 2005, aforementioned reflects, the petitioners could not have denied the benefits of the Scheme, when they, admittedly, fall under Group-B of the said Scheme.

Considering, therefore, the matter in its entirety and in the interest of justice, the impugned letter, dated 10th May, 2005, aforementioned is hereby set aside and quashed. The respondents/authorities concerned are hereby directed to consider the cases of the petitioners in terms of the ACP Scheme in force and make

necessary financial benefits available to them in this regard. The whole exercise, so directed, shall be completed within a period of three months from the date of receipt of a certified copy of this order by the respondent No. 1 namely, Chief Secretary, Government of Arunachal Pradesh.

With the above observations and directions, this petition shall stand disposed of.”

WHEREAS, in another similar case the Assistant Engineers of the Department of Irrigation and Flood Control, better known as IFCD in short had filed a writ petition before the Hon'ble Guwahati High Court i.e. WP (C) No. 166 (AP) / 2006 and secured a judgment and order dated 31st May, 2006.

WHEREAS, the Hon'ble judge, while disposing of the case, has stated under para 10 & 11 of the order that “10. In view of the abandonment of the argument by the learned counsel for the petitioner that the pay of the petitioners is required to be stepped up at par with their erstwhile Junior Junior Engineers and in view of the submission advanced that the case of the petitioners needs to be considered in terms of the ACP Scheme at par with the aforesaid judgment and order dated 23rd January, 2006 passed in WP (C) No. 504 (AP) / 2005, I dispose of the writ petition with the following directions. 11. The respondents may consider the case of the petitioners as to whether they are covered by aforesaid ACP Scheme and in terms of the aforesaid judgment and order. If upon such examination, it is found that the petitioners are entitled to the benefit of the ACP Scheme and are eligible to the financial upgradations as envisaged in the Scheme subject to the conditions laid down therein, same may be extended to them. Whatever may be the outcome of the examination of the case of the petitioners, be it in the positive or in the negative, necessary order shall be passed and communicated to the petitioners. 4. The Governor of Arunachal Pradesh, under the powers conferred by the Article 309 of the Constitution of India has, vide its notification No.OM-40/2005 dated 14th August, 2006 inserted “Arunachal Engineering Service, Group-A (non-Ministerial) under column 3 of the Scheduled attached to the Recruitment Rules to the posts of Assistant Engineers under the Government of Arunachal Pradesh.

WHEREAS, it took considerable time for disposal of the instant case due to inter departmental reference/consultations and obtaining legal advice.

AND NOW THEREFORE, the claims of the Assistant Engineers in WP (C) No. 504 (AP) of 2005, and the judgment and order dated 23rd January, 2006 was considered in the relevant Departments and found that the claims are not covered in the ACP Scheme/Rules/Orders/procedures applicable under the Government of Arunachal Pradesh. Hence, the claims are rejected, being devoid of merit.

This order dispose of the directions contained in the Hon'ble Court's judgment/orders/directives of dated 23rd January, 2006 in Writ Petition (C) No. 504 (AP) of 2005 filed by Sreegovinda Pal & few other Assistant Engineers in the Department of Public Works, (better known as PWD in short).

NOTIFICATION

The 28th September, 2006

No. DTH/ESTT/102/98.— In exercise of the power conferred by the provision to Article 309 of the Constitution of India, the Governor of Arunachal Pradesh is pleased to make the following rules to amend the Arunachal Pradesh Textile and Handicrafts Service Rules, 1999 namely :-

1. Short title and commencement :-

- (i) These rules may be called “the Arunachal Pradesh Textile & Handicrafts Service (Amendment) Rules, 2006.”
- (ii) They shall come into force on the date of their publication in the Arunachal Pradesh Gazette.

2. In Rule 12 (2) (1) of the Principal Rules, for the existing entry the following shall be substituted, namely :-

- (1) Appointment to post of Assistant Director shall be made in the manner specified below;
 - (i) 25% by direct recruitment from the select list prepared on the basis of written examination followed by viva-voce test by the Commission as per scheme prescribed in Schedule-II(A) appended to these rules.
 - (ii) 75% by promotion from amongst the eligible Development Officer (T&H) / (Sericulture), Farm Manager (Sericulture), Marketing Inspector, Craft Superintendent, Printing Technician and Dyeing Expert who have rendered not less than 5 years of regular service in the grade and possessing a minimum qualification of diploma in related trades.
 - (iii) The ratio of direct entry and promotion quota of this rule shall revert back to original SR/RR published in 1999 as 50:50 after completion of 2 (two) years time from the date of publication (3rd amendment) in the official gazette.

3. In Rule 12 (3) (i) (ii) of the Principal Rules, for the existing entry the following shall be substituted, namely :-

- (3) (i) For direct recruitment to the posts of Assistant Director (T&H) only such candidates shall be eligible for appearing in the recruitment examination who possess Bachelor Degree in the discipline of Textile / Handloom Technology / Fine Arts / Fashion & Design Technology / Fashion Management from a recognized University.
- (ii) For direct recruitment to the post of Assistant Director (Sericulture) only such candidates shall be eligible for appearing in the recruitment examination who possess Bachelor Degree in Science with Post Graduate Diploma in Sericulture from a recognized University / Institute.

4. Amendment of Schedule :-

After Schedule-II to the Principal Rules, the following schedule shall be inserted namely :-

SCHEDULE – II (A)

(Rule – 12)

PART – I

The recruitment to the post of Assistant Director (Textile & Handicrafts / Sericulture) shall be conducted on the basis of the syllabus as may be determined by the Government in consultation with Commission and notified separately.

Compulsory papers for both Assistant Director (Textile & Handicrafts / Sericulture)

PART – A

Paper	Subject	Duration	Marks
Paper – I	General English	3 Hours	100
Paper – II	General Studies	3 Hours	100

PART – B

Paper	Subject	Duration	Marks
Paper – I	Optional Paper	3 Hours	100
Paper – II	Optional Paper	3 Hours	100
Total (Part-A+B)			400 Marks

PART – II

Viva-Voce/personality test shall carry maximum of 50 marks. The candidates who qualify in the written examination shall be called for Viva-Voce/personality test.

- (i) In the personality test special attention shall be paid on the candidate’s capacity for leadership, initiative and intellectual curiosity, tact and other social qualities, mental and physical energy, power of practical application and integrity of the candidate.
- (ii) Compulsory / Optional question papers shall be in English and the candidate shall have to answer in English only.
- (iii) Candidate shall have to write the answer of the papers in their own hand.

not to invalidate
act or
proceeding.

Chapter - III

Powers, Functions and Duties of the Authority.

- 11. The Authority shall exercise the following powers and perform the following functions, namely :-
 - (a) to determine the distribution of Entitlements for various Categories of Use and the equitable distribution of Entitlements of water within each Category of Use on such terms and conditions as may be prescribed;
 - (b) to enforce the decision or orders issued under this Act;
 - (c) to determine the priority of equitable distribution of water available at the water resource project, sub-basin and river basin levels during periods of scarcity;
 - (d) to establish a water tariff system, and to fix the criteria for water charges at sub-basin, river basin and State level after ascertaining the views of the beneficiary public , based on the principle that the water charges shall reflect the full recovery of the cost of the irrigation management , administration, operation and maintenance of water resources project;
 - (e) to administer and manage interstate water resources apportionment on river systems of the State ;
 - (f) to review and clear water resources projects proposed at the sub- basin and river basin level to ensure that a proposal is in conformity with integrated State Water Plan and also with regard to the economic, hydrologic and environmental viability and where relevant, on the State's obligations under Tribunals, Agreements, or Decrees involving interstate entitlements :

Provided that, while clearing the new water resources projects by the concerned for construction proposed by River Basin Agencies, the Authority shall ensure that Governor's Directives issued from time to time, relating to investment priority for removal of regional imbalance are strictly observed;
 - (g) to lay down the criteria and monitor the issuance of Entitlements. These criteria among others shall also include the following,
 - (i) The Entitlements shall be issued by river Basin Agency based on the Category of Use and subject to the Priority assigned to such use under State Water Policy;
 - (ii) Bulk Water Entitlements shall be issued by the River basin Agency for irrigation water supply, rural water supply, municipal water supply or industrial water supply to the relevant Water User Entities including Municipalities, Water User's Associations, Industrial Users and State agencies responsible for delivery to the respective sector or to a Sub- surface Water User's Association or entity that operates a well field of multiple sub-surface water tube wells, bore wells or other wells on behalf of multiple users;
 - (iii) Bulk Water Entitlements for irrigation, shall be issued by River Basin Agency , to the Water User's Associations at the primary unit level, Distributory level and Canal or Project level Associations and River Basin Agencies shall not receive Entitlements but shall act as conveyance entities for the Entitlements issued to the Water User's Associations;
 - (iv) Water User Entities including Water User's Associations, managing the aggregate of Entitlements on behalf of a group of Entitlement holders may be issued an Aggregate Bulk Entitlement;
 - (v) Individual Water Entitlements may be issued by River basin Agency only for the construction and operation of individual lift irrigation schemes from surface water sources, bore-wells, tube wells or other facilities for extraction of sub-surface water. Such Entitlements shall be administered , registered measured and monitored by the respective River Basin Agency in close co- ordination with relevant Government agencies. Where such facilities extract water from alluvial aquifers that are conjunctive with the surface water of a basin , the issuance and operation of such Entitlements shall be conjunctively coordinated with the use and yield of surface water resources of the basin and shall be compatible with the overall water resource plan of the local area and the respective river basin and the sustainable use of the sub-surface water resources.

Powers,
Functions and
duties of
Authority.

- (vi) Bulk Water Entitlements shall be for a specific proportion of flow, storage or other determination of the annual yield of a water resources or facility and the Entitlement shall be measured volumetrically and with respect to time of delivery and flow rate of delivery ;
- (vii) The allocation of a percentage of the water available under the Entitlements of each facility, in the drainage basin or river basin shall be determined jointly by the River Basin Agencies and Water User Entities based upon the hydrology and other relevant parameters with regard to the specific basin. This allocation shall be utilized for the determination of the amount of water to be made available under each Entitlement for that specific year or runoff season;
- (h) to lay down the criteria for modification in Entitlements for the diversion,, storage and use of the surface and subsurface waters of the State. These criteria shall among others, include the following :-
 - (i) Aggregate Bulk Water Entitlements will be considered as Bulk Water Entitlements under the provisions of this Act except that they shall not be a usufructuary right and will only be adjusted by the Authority if there is a compensating change , under the provisions of this Act, to any component Bulk Water Entitlement that comprise part of the Aggregate Bulk Water Entitlement ;
 - (ii) In the event that any Water User Entity wishes to use its category priority to mandate a change in the use or volume of any entitlement, that entity must demonstrate in a public hearing before the Authority , that it has exhausted all attempts to conserve, increase efficiency and manage its demand of water within its, entitlement and has exhausted all opportunities to increase its entitlement through a transfer within the voluntary, market -based economy. If, after such a public hearing, the Authority deems such a mandated transfer , on either an annual or permanent basis, to be legal and necessary in the interest of the people of the State, the Authority shall then determine a fair and just compensation as determined by the market value of the water resource, to be paid to the Entitlement holder by the entity exercising the mandated user category preference ;
- (i) to fix the criteria for trading of water entitlements or quotas on the annual or seasonal basis by a water entitlement holder. These criteria shall among others, include the following. -
 - (i) Entitlements, except Aggregate Bulk Water Entitlements, are deemed to be usufructuary rights which may be transferred, bartered, brought or sold on annual or seasonal basis within a market system and as regulated and controlled by the Authority as established in the rules of the Authority;
 - (ii) Quotas of water determined by the seasonal or annual allocation assigned to an entitlement shall be volumetric usufructuary right which may be transferred , bartered , bought or sold on an annual or seasonal basis within a market system as established and controlled by the rules of the Authority;
 - (iii) Bulk Water Entitlements or Quotas shall be transferable within the respective category of use as long as such transfers are compatible with the operation of the specific water resource facilities involved. Such annual transfers shall be managed and registered with the respective River Basin Agency which shall have the power to approve or deny such proposed transfers if they are incompatible with operation of the facility or would damage the entitlements or rights of other users within the system. The River Basin Agency may charge a nominal fee for the processing and registering such transfer but shall not participate in any compensation between Entitlement holders as a part of such transfer.
- (j) Entitlements may be subject to review at intervals of not less than three years and then , only if warranted by concerns about, the sustainability of the level of allocation ;
- (k). Bulk Water Entitlements shall be registered by the River Basin Agency and shall be monitored by the Authority or its duly delegated competent representative;
- (l) permanent transfer of Entitlements shall only be made with the approval of the respective River Basin Agency and the Authority and in compliance with the rules of the Authority promulgated for this purpose. All approved transfers shall be entered into the registry of Entitlements of the Authority;
- (m) in the event of water scarcity , the Authority, in compliance with its policy and rules for allocating such scarcity, shall adjust the quantities of water to be made available to all Entitlements and shall permit the temporary transfer of water Entitlements between users and categories of users in accordance with the approval of the River Basin Agencies;
- (n) to establish regulatory system for the water resources of the State , including surface and subsurface waters, to regulate the use of these waters, apportion the Entitlement to the use of the water of the State between water using categories.;
- (o) to establish a system of enforcement, monitoring and measurement of the Entitlements for the use of water that will ensure that the actual use of water , both in quantity and type of use are in compliance with the Entitlements as issued by the Authority,
- (p) to administer the use and Entitlement of water resources within the State in a manner consistent with the State Water Policy to ensure the compliance of the obligation of State with regard to the apportionment of interstate waters between the State and others States;
- (q) to promote efficient use of water and to minimize the wastage of water and to fix reasonable use criteria for each Category of Use ;

- (r) to determine and ensure that cross -subsidies between Categories of used if any, being given by the Government are totally offset by stable funding from such cross-subsidies or Government payments to assure that the sustainable operation and maintenance of the water management and delivery systems within the State are not jeopardised in any way ;
 - (s) to develop the State Water Entitlement data base that shall clearly record all Entitlements issued for the use of water within the State , any transfers of Entitlements and a record of deliveries and uses made as a result of those Entitlements ;
 - (t) to facilitate and ensure development , maintenance and dissemination of a comprehensive hydro -meteorological information data base in co-operation with the River Basin Agencies ;
 - (u) the Authority shall review and revise , the water charges after every three years;
 - (v) the Authority may ensure that the Irrigation Status Report is published by the Government every year , such report shall contain all statistical data relating to irrigation including details in respect of district wise irrigation potential created and its actual utilisation;
 - (w) such other powers, function and duties as may be prescribed.
12. (1) The Authority shall work according to the framework of the State Water Policy. General Policies of the Authority
- (2) The Authority shall recognise the policy of empowering River Basin Agencies in accordance with the State Water Policy.
 - (3) The Authority shall, in accordance with the State Water Policy, co-ordinate with all relevant State agencies to implement a comprehensive hydro -meteorological data system for the State.
 - (4) The Authority shall, in accordance with State Water Policy, promote and implement sound water conservation and management practices throughout the State.
 - (5) The Authority shall support and aid the enhancement and preservation of water quality within the State in close co- ordination with the relevant State Agencies and in doing so the principle that "the person who pollutes shall pay" shall be followed.
 - (6) The Authority shall fix the Quota at Basin level, sub-basin level or project level on the basis of the following principles --
 - (a) for equitable distribution of water in the command area of the project, every land holder in the command area shall be given Quota;
 - (b) the Quota shall be fixed on the basis of the land in the command area;

Provided that, during the water scarcity period each landholder shall, as far as possible, be given Quota adequate to irrigate at least one acre of land;
 - (c) in order to share the distress in the river basin of sub-basin equitably, the water stored in the reservoirs in the basin or sub- basin, as the case may be, shall be controlled by the end of October every year in such way that, the percentage of utilizable water, including Kharif use, shall, for all reservoirs approximately be the same;
 - (d) subject to the condition of efficient use of water, the existing private sector lift irrigation management schemes shall be allowed to continue for a period of five years from the date of commencement of this Act and thereafter on the date that may be specified by the Government the provisions of sub-section (4) of section 14 shall apply :

Provided that, having regard to geographical conditions', different dates may be notified for different areas.
 - (e) the command area of private lift Irrigation schemes , on the date of commencement of this Act, shall be treated at par with the command area of the irrigation projects;
 - (7) The Authority shall ensure that the principle of " tail to head" irrigation is implemented by the River Basin Agency.
 - (8) The Authority shall while framing policy, give preference to the projects so that , the physical backlog forming the basis of the financial backlog be eradicated in accordance with the Governor's directive.
- (9)(a) The Authority shall strive to make the water available to the drought prone areas of the State;
- (b) The Authority shall ensure that, the funds made available to a drought prone district are spent preferably in the areas, where irrigation facilities are less than the other areas of that district.
 - (c) Notwithstanding anything contained in this act, a person having more than two children shall be required to pay one and half times of the normal rates of water charges fixed under clause (d) of section 11 of this Act to get entitlement of water for the purpose of agriculture under this Act:

Provided that, a person having more than two children on the date of commencement of this Act, shall not be required to pay such one and half times water charges so long as the number of children he had on such date of commencement does not increase:

Powers of Authority and Dispute Resoiution Officer.

Provided further that, a child or more than one child born in a single delivery within the period of one year from such date of commencement shall not be taken into consideration for the purpose of this sub-section.

Explanation - For the purpose of this sub-section-

- (a) Where a couple has only one child on or after the date of such commencement, any number of children born out of a single subsequent delivery shall be deemed to be one entity;
 - (b) “Child” does not include an adopted child or children;
13. The Authority and the Dispute Resolution Officer shall for the purposes of making any inquiry or initiating any proceedings under this Act, have the powers as are vested in a civil court, under the Code of Civil Procedure, 1908 (5 of 1908) in respect of the following matters, namely :-
- (a) the summoning and enforcing the attendance of any witness and examining him on oath ;
 - (b) the discovery and production of any document or other material object producible as evidence;
 - (c) the reception of evidence on affidavits;
 - (d) the requisition of any public record;
 - (e) the issue of commission for examination of witnesses;
 - (f) review its decisions, directions and orders ;
 - (g) any other matter which may be prescribed.

WHEREAS it was expedient to provide a volunteer organization for use in emergencies and for the incidental purposes in the state ;

AND WHEREAS, it was considered necessary to immediately make a law for the same ;

AND WHEREAS the Arunachal Pradesh Legislative Assembly was not in session ;

AND WHEREAS the Governor of Arunachal Pradesh was satisfied that circumstances existed which rendered it necessary for him to take immediate action to make law for the purposes aforesaid and therefore, promulgated the Arunachal Pradesh Home Guards Ordinance, 2006 on 31st July, 2006 ;

AND WHEREAS it is expedient to replace the said Ordinance by an Act of the State Legislature and it is hereby enacted in the Fifty-seventh Year of the Republic of India as follows :-

1. (1) This Act may be called the Arunachal Pradesh Home Guards Act, 2006. Short title,
(2) It extends to the whole of the State of Arunachal Pradesh. extent and
(3) It shall be deemed to have come into force on 31st July, 2006. commencement.
2. (1) The Governor of Arunachal Pradesh shall constitute for the State of Arunachal Pradesh a volunteer body called the Home Guards, the members of which shall discharge such functions and duties in relation to the protection of persons, the security of property and the public safety as may be assigned to them in accordance with the provisions of this Act and the Rules made there under. Constitution of Home Guards and appointment of Commandant General and Commandant.

Provided that the Governor of Arunachal Pradesh may, by notification in the Official Gazette, divide the State of Arunachal Pradesh into two or more areas and constitute such a volunteer body for each such area.

(2) The Director General of Police shall be the ex-officio Commandant General of the Home Guards in whom shall vest the general supervision and control of the Home Guards throughout the State of Arunachal Pradesh. However, the Governor of Arunachal Pradesh may also appoint another officer as the Commandant General of the Home Guards, if so required.

(3) The District Superintendent of Police shall be the ex-officio Commandant for the Home Guards constituted under sub-section (1), in each district.
3. (1) Subject to the approval of the commandant General, the Commandant may appoint as members of the Home Guards such number of persons, who are fit and willing to serve, as may from time to time be determined by the Commandant General and may appoint any such member to any office of Commandant in Home Guards. Appointment of members.

	(2)	Notwithstanding anything contained in sub-section (1), the Commandant General, subject to the approval of the Commissioner/Secretary, Home, may appoint any such member to any post under his immediate control.
Functions and duties of members.	4.	(1) The Commandant may at any time call out a member of the Home Guards for training or to discharge any of the functions or duties assigned to the Home Guards in accordance with the provision of this Act and the rules made there under. (2) The Commandant General may in an emergency call out a member of the Home Guards for training or to discharge any of the said functions or duties in any part of the State of Arunachal Pradesh.
Powers, protection and control.	5.	(1) A member of the Home Guards when called out under section 4 shall have the same powers and protection as an officer of police appointed under any Act for the time being in force. (2) No prosecution shall be instituted against a member of the Home Guards in respect of any thing done or purporting to be done by him in the discharge of his functions or duties as such member, except with the prior sanction of the District Magistrate.
Control by officers of police force.	6.	The members of the Home Guards when called out under section 4 in aid of the police force shall be under the control of the officers of the police force in such a manner and to such extent as may be prescribed by rules made under section 10.
Certificate, arms, etc. to be delivered up by person ceasing to be member.	7.	(1) Every person who for any reason ceases to be a member of the Home Guards shall forthwith deliver up to the Commandant or to such person and at such place as the Commandant may direct, his certificate of appointment or of office and the arms, accoutrements, clothing and other Home Guards properties, if any in his possessions which have been furnished to him as such member. (2) Any Magistrate, and for special reasons which shall be recorded in writing at the time, any police officer not below the rank of Assistant or Deputy Superintendent of Police may issue a warrant to search for and seize, wherever they may be found, any certificate, arms, accoutrements, clothing or other properties not so delivered up. Every warrant so issued shall be executed in accordance with the provisions of the Code of Criminal Procedure, 1973 (2 of 1974), by a police officer or if the Magistrate or the police officer issuing the warrant so directs, by any other person. (3) Nothing in this section shall be deemed to apply to any article which under the orders of the Commandant General has become the property of the persons to whom the same was furnished.
Punishment of members for negligence of duty, etc.	8.	(1) The Commandant shall have the authority to suspend, reduce, dismiss or fine an amount not exceeding rupees two hundred and fifty, any member of the Home Guards, under his control, if such member, without reasonable cause, on being called out under section 4 neglects or refuses to obey such order or to discharge his functions and duties as a member of Home Guards or to obey any such lawful order or direction given to him for the performance of his functions and duties or is guilty of any breach of discipline or misconduct, the Commandant shall also have the authority to dismiss any member of the Home Guards on the ground of conduct which has led to his conviction on a criminal charge. The Commandant General shall have the like authority in respect of any member of the Home Guards appointed to a post under his immediate control. (2) Notwithstanding anything contained in this Act, the Commandant shall have the authority to discharge any member of the Home Guards at any time subject to such conditions as may be prescribed, if, in the opinion of the Commandant, the services of such member are no longer required. The Commandant General shall have the like authority in respect of any member of the Home Guards appointed to a post under his immediate control. (3) When the Commandant General or the Commandant passes an order suspending, reducing, dismissing or fining any member of the Home Guards under sub-section (1), he shall record such order or cause the same to be recorded, together with the reasons thereof and a note of the inquiry made in writing and no such order shall be passed by the Commandant General or the Commandant unless the person concerned is given an opportunity to be heard in his defence. (4) Any member of the Home Guards aggrieved by an order of the Commandant may appeal against such order to the Commandant General and any such member aggrieved by an order of the Commandant General may appeal against such order to the Secretary/Commissioner of Home, Government of Arunachal Pradesh within thirty days of the date on which he was served with notice of such order. The Commandant General or the Secretary/Commissioner of Home as the case may be, may pass such order as he thinks fit.

- (5) The Commandant General or Secretary/Commissioner of Home may, at any time, call for and examine the record of any order passed by the Commandant/Commandant General as the case may be under sub-section (1) or (2) for the purpose of satisfying himself as to the legality or propriety of such order passed by the Commandant or Commandant General as the case may be and may pass such order with reference thereto as he thinks fit.
- (6) Every order if no appeal is made therefrom as hereinbefore provided and every order passed in appeal or revision under this section shall be final.
- (7) Any fine imposed under this section may be recovered in the manner provided by the Code of Criminal procedure, 1973 (2 of 1974) for the recovery of fines imposed by a Court as if such fines were imposed by a Court.
- (8) Any punishment inflicted on a member of the Home Guards under this section shall be in addition to the penalty to which such member is liable under section 7 or any other law for the time being in force.
9. (1) If any member of the Home Guards, on being called out under section 4, without reasonable excuse, neglects or refuses to obey such order, or to discharge his functions as a member of the Home Guards, or to obey any lawful order or direction given to him for the performance of his duties, he shall, on conviction, be punishable with simple imprisonment for a term which may extend to three months or with fine which may extend to two hundred and fifty rupees or with both. Penalty.
- (2) If any member of the Home Guards willfully neglects or refuses to deliver up his certificate of appointment or of office or any other article, in accordance with the provisions of sub-section (1) of section 7, he shall, on conviction, be punished with imprisonment for a term which may extend to one month or with fine which may extend to one hundred rupees or with both.
- (3) No proceeding shall be instituted under sub-section (1) or (2) without the prior sanction of the Commandant.
- (4) A police officer may arrest without warrant any person who commits an offence punishable under sub-section (1) or (2).
10. The State Government may, by notification, make rules on the following matters for carrying out the provisions of the Act. Powers to make rules.
- (a) providing for the exercise by any officer of the Home Guards of the powers conferred by section 4 of the Commandant and the Commandant General;
- (b) providing for the exercise of control by officers of the police force over members of the Home Guards when acting in aid of the police force;
- (c) regarding the organization, appointment, conditions of service, functions, discipline, arms, accoutrements and clothing of members of the Home Guards and the manner in which they may be called out for service;
- (d) regulating the exercise by members of the Home Guards of any of the powers exercisable under section 5 of this Act;
- (e) generally for giving effect to the provisions of this Act.
11. Members of the Home Guards acting under this Act shall be deemed to be public servants within the meaning of section 21 of the Indian Penal Code (XLV of 1860). Members of Home Guards to be public servant.
12. (1) The Arunachal Pradesh Home Guards Ordinance, 2006 (No. 2 of 2006) is hereby repealed. Repeal and savings.
- (2) Notwithstanding such repeal, anything done or any action taken under the said Ordinance shall be deemed to have been done or taken, as the case may be, under the corresponding provisions of this Act.

OFFICE MEMORANDUM

The 20th November, 2006

Subject :- **Consolidated instruction for improvement of work culture-Good Governance in Government functioning in Arunachal Pradesh.**

No. OM-21/85.—The Cabinet in its meeting on 28th September, 2006 reviewed the functioning of Government and reiterated the following :-

1. QUICK DISPOSAL OF FILES

Files should be disposed off expeditiously without delay. No file should be kept pending for more than 7 working days (which does not involve policy issues).

2. UNNECESSARY CALLING OF DISTRICT OFFICERS TO ITANAGAR TO BE AVOIDED

District Officers should not be called to Itanagar for each and every matter, as their absence from the district greatly hampers the developmental activities in their respective areas. Meetings calling district officers should be carefully planned only in rare cases ; and should not upset their functioning in their respective districts.

3. The Ministries/Departments/Offices are requested to give wide circulation to these procedures for general guidance on the matter so that immediate steps are taken to implement the aforementioned procedure by all concerned.

No. EN/LEG/43/06.—The following direction issued by the Election Commission of India, New Delhi, is reproduce below for general information.

ELECTION COMMISSION OF INDIA

Nirvachan Sadan, Ashoka Road, New Delhi-110001

Dated : 14th November, 2006

DIRECTION

No. 576/3/EVM/2006/JS-II(LA). – WHEREAS, Section 61 A of the Representation of the People Act, 1951, provides that the giving and recording of votes by voting machines in such manner as may be prescribed, may be adopted in such constituencies as the Election Commission may, having regard to the circumstances of each case specify; and

2. Whereas, the Commission has considered the circumstances in 43-Roing (ST) Assembly Constituency in Arunachal Pradesh, 146-Manihari Assembly Constituency in Bihar, 25-Kota Assembly Constituency in Chhatisgarh, 117-Chamundeshwari Assembly Constituency in Karnataka, 28-Thiruvambadi Assembly Constituency in Kerala, 193-Pandhana (SC) Assembly Constituency in Madhya Pradesh, 118-Daryapur and 158-Chimur Assembly Constituencies in Maharashtra, 39- Rongjeng (ST) Assembly Constituency in Meghalaya, 135-Dungarpur Assembly Constituency in Rajasthan and 28-Islampur Assembly Constituency in West Bengal, and it is satisfied that sufficient number of Electronic Voting Machines are available for taking the poll in the above mentioned Assembly Constituencies, the polling personnel are well trained in efficient handling of the Electronic Voting Machines and the Electors are also fully conversant with the operation of the Electronic Voting Machines ;

3. Now, therefore, the Election Commission of India hereby specifies 43-Roing (ST) Assembly Constituency in Arunachal Pradesh, 146-Manihari Assembly Constituency in Bihar, 25-Kota Assembly Constituency in Chhatisgarh, 117-Chamundeshwari Assembly Constituency in Karnataka, 28-Thiruvambadi Assembly Constituency in Kerala, 193-Pandhana (SC) Assembly Constituency in Madhya Pradesh, 118-Daryapur and 158-Chimur Assembly Constituencies in Maharashtra, 39- Rongjeng (ST) Assembly Constituency in Meghalaya, 135-Dungarpur Assembly Constituency in Rajasthan and 28-Islampur Assembly Constituency in West Bengal, as the Constituencies in which the votes at the current bye-elections to the Legislative Assemblies of the said States notified on 10th November, 2006, shall be given and recorded by means of Electronic Voting Machines in the manner prescribed under the Conduct of Elections Rules, 1961, and the supplementary instructions issued by the Commission from time to time on the subject.

No. EN/LEG/52/06.—The following direction issued by the Election Commission of India, New Delhi, is reproduced below for general information.

ELECTION COMMISSION OF INDIA

Nirvachan Sadan, Ashoka Road, New Delhi-110001

No. 3/4/ID/2006/J.S.II/(BYE)

Dated : 23rd November, 2006

ORDER

1. Whereas, Section 61 of the Representation of the People Act, 1951 provides that with a view to preventing impersonation of electors, so as to make the right of genuine electors to vote under Section 62 of that Act more effective, provisions may be made by rules under that Act for use of Electoral Identity Cards for electors as the means of establishing their identity at the time of polling ; and

2. Whereas, Rule 28 of the Registration of Electors Rules, 1960, empowers the Election Commission to direct, with a view to preventing impersonation of electors and facilitating their identification at the time of poll, the issue of Electoral Identity Cards to electors bearing their photographs at State cost ; and

3. Whereas, Rules 49H (3) and 49K (2) (b) of the Conduct of Elections Rules, 1961, stipulate that where the electors of a constituency have been supplied with Electoral Identity Cards under the said provisions of Rule 28 of the Registration of Electors Rules, 1960, the electors shall produce their Electoral Identity Cards at the polling station and failure or refusal on their part to produce those Electoral Identity Cards may result in the denial of permission to vote ; and

4. Whereas, a combined and harmonious reading of the aforesaid provisions of the said Act and the Rules, makes it clear that although the right to vote arises by the existence of the name in the electoral roll, it is also dependent upon the use of the Electoral Identity Card, where provided by the Election Commission at State cost, and that both are to be used together ; and

5. Whereas, the Election Commission made an Order on the 28th August, 1993, directing the issue of Electoral Photo Identity Cards (EPICs) to all electors, according to a time bound programme ; and

6. Whereas, the Commission has taken note of the fact that over the last few years since the implementation of the programme of issue of EPICs was taken up, the election machinery of Arunachal Pradesh, Chhatisgarh, Karnataka and Maharashtra have issued these cards to a substantially high number of electors and made all possible efforts, by way of repeated rounds of the constituencies and areas, with a view to issuing cards to the left-out electors ; and

7. Whereas, at the general election to the Legislative Assembly of Haryana held in January - March, 2000, and at all general and bye-elections held since then, the Commission had directed that all electors who were issued with EPICs should produce those cards to exercise their franchise at the said elections, and that it would permit the odd electors who have not obtained their EPICs to vote at the said elections, provided their identity is otherwise established by production of one of the alternative documents prescribed by the Commission ; and

8. Now, therefore, after taking into account all relevant factors and the legal and factual position, the Election Commission hereby directs that all electors in 43- Roing (ST) Assembly Constituency in Arunachal Pradesh, 25-Kota Assembly Constituency in Chhatisgarh, 117-Chamundeshwari Assembly Constituency in Karnataka and 118-Daryapur and 158-Chimur Assembly Constituencies in Maharashtra, who have been issued with their EPICs, shall have to produce these cards to exercise their franchise, when they come to the polling stations for voting at the current bye-elections to the State Legislative Assemblies of abovementioned States, notified on 10th November, 2006.

9. The Election Commission will, however, permit the electors who have not been issued their EPICs to vote at the current bye-elections, provided their identity is otherwise established by the production of any of the following alternative documents :-

- (i) Passports,
- (ii) Driving Licences,
- (iii) Income Tax Identity (PAN) Cards,
- (iv) Service Identity Cards issued to its employees by State/Central Government, Public Sector Undertakings, Local Bodies or Public Limited Companies,
- (v) Passbooks issued by Public Sector Banks/Post Office and Kisan Passbooks (Accounts opened on or before 30-9-2006),
- (vi) Student Identity Cards issued by Recognised Educational Institutions on or before 30-9-2006,
- (vii) Property Documents such as Pattas, Registered Deeds, etc,
- (viii) Ration Cards issued on or before 30-9-2006,
- (ix) SC/ST/OBC Certificates issued by competent authority on or before 30-9-2006,
- (x) Pension Documents such as ex-servicemen's Pension Book/Pension Payment Order, ex-servicemen's Widow/Dependent Certificates, Old Age Pension Order, Widow Pension Order,
- (xi) Railway Identification Cards issued on or before 30-9-2006,
- (xii) Freedom Fighter Identity Cards,
- (xiii) Arms Licenses issued on or before 30-9-2006,
- (xiv) Certificate of Physical Handicap by Competent Authority issued on or before 30-9-2006,

10. The above alternative documents for identification will also apply in respect of such of the odd electors, who have been supplied with Electoral Identity Cards, but are not able to produce them for reasons beyond their control.

- (5) **Interview, Viva –Voce 70 marks.**

C. General Instructions :

- (i) All candidates who obtain sixty percent or more marks or corresponding grade in the written examination shall be eligible for viva voce examination.
Provided that Arunachal Pradesh Scheduled Tribe candidates who obtain fifty percent or more marks or corresponding grade in the written examination shall be eligible for the viva voce examination.
- (ii) Selection of candidates shall be made on the basis of cumulative grade obtained in the written and viva voce examination.

- (iii) The object of the viva-voce examination is to assess the suitability of the candidates for the cadre by judging the mental alertness, knowledge of law, clear and logical exposition, balance of judgment, skills, attitude, ethics, power of assimilation, power of communication, character and intellectual depth and the like of the candidate.
- (iv) The mode of evaluating the performance of Grade in the written and viva-voce examination shall be as specified below :

EVALUATING PERFORMANCE IN COMPETITIVE EXAMINATIONS
FOR JUDICIAL SELECTION.

The system operates as follows :

- (1) The questions in the question paper may carry numerical marks for each question.
- (2) The examiner may assign numerical marks for each sub-question which may be totaled up and shown against each full question in numbers.
- (3) The tabulator will then convert the numerical marks into grades in a seven point scale with corresponding grade values as follows :

Percentage	Grade	Grade value
70 % and above	O	7
65 % to 69 %	A+	6
60 % to 64 %	A	5
55 % to 59 %	B+	4
50 % to 54 %	B	3
45 % to 49 %	C+	2
40 % to 44 %	C	1
Below 40 %	F	0

- (4) After converting the numerical marks of each question into the appropriate grade according to the formula given in first column above, the tabulator will re-convert to Grades obtained for each question to the Grade value according to the value given in the third column above.
 - (a) What is now obtained is the relative Grade value of each answer in the question paper obtained by the candidate in a seven point scale (i.e 'O' to '7')
 - (b) The tabulator's next task is to add up those Grade Values and divide the sum total by the numbers of question in the answer book including the questions unanswered by the candidate. What is thus obtained is the cumulative Grade Value Average (CGVA) obtained by the candidates at the examinations. Suppose, the CGVA comes to '4' the grade obtained by the candidate at the examination is 'B+'. If the CGVA is '6' the Grade of the candidate is 'A+'.
- (5) Thus organized, the result of the written examination will be indicating only the cumulative evaluation grade of the candidates which moderates the inevitable element of subjectivity and fairness to much higher degree. Of course, the tabulation record sheet can carry the numerical marks as well for reference and re-checking whenever needed. A proper computer programme can do all these operations in minutes.
- (6) What happens if there are several successful candidates obtaining the same grade and the available positions are fewer in number ? How do you rank them to determine who is to be given the Job ? Of course, this situation can develop with numerical marking also where persons with one mark or half a mark difference are given advantage. This is unfair given the fact that in actual practice this may happen because of the play of subjective elements on the part of the individual examiners. What is therefore recommended is a similar vigorous and objective grade value exercise for the viva-voce examination as well.
- (7) At the end of each day's interview the tabulator will convert the numerical marks assigned to each category into grades and then to grade values. This will then be totaled up and the Cumulative Grade Value Average of each candidate interviewed will be obtained.
- (8) Thus a separate list of candidates interviewed and the Grades obtained in the viva-voce will be readied which will naturally be far more fair and transparent with little scope for corrupt practice to creep in. Again for ready reference the result sheet may carry the numerical marks side by side with grades.
- (9) The final selection list will be readied by combining the Cumulative Grade Value obtained in the written examination and the viva-voce examination.
- (10) Since in practice many candidates who have obtained less than a prescribed grade(say B+) in the written examination will not be called for viva-voce examination, then combined tabulation has to be done only with reference to lower candidates, possibly one tenth or even less of the total number of applicants for the job.
- (11) If the viva-voce is rigorous and higher marks are given only to those who are outstanding in all categories of evaluation given in the proforma, the chances are very few will obtain higher grades (like 'O' or 'A') and their numbers may be just within the available vacancies. There may be some borderline cases where it is difficult to determine who is to be included and whom to be excluded. This dilemma may be resolved by a second interview between those candidates by the same board or alternatively looking at the difference in numerical scores between them similarly placed in grades.

SCHEDULE-C**1. General criteria for Promotion :**

- (a) Considering the number of vacancies to be filled up the High Court shall assess the judgments/ACRs of the officers who are within the zone of consideration, the ratio being 1:3.
- (b) The suitability and overall performance of the officers including disposal of cases and the remarks of the concerned Portfolio Judge shall be considered.

not to invalidate
act or
proceeding.

Chapter - III

Powers, Functions and Duties of the Authority.

- 11. The Authority shall exercise the following powers and perform the following functions, namely :-
 - (a) to determine the distribution of Entitlements for various Categories of Use and the equitable distribution of Entitlements of water within each Category of Use on such terms and conditions as may be prescribed;
 - (b) to enforce the decision or orders issued under this Act;
 - (c) to determine the priority of equitable distribution of water available at the water resource project, sub-basin and river basin levels during periods of scarcity;
 - (d) to establish a water tariff system, and to fix the criteria for water charges at sub-basin, river basin and State level after ascertaining the views of the beneficiary public , based on the principle that the water charges shall reflect the full recovery of the cost of the irrigation management , administration, operation and maintenance of water resources project;
 - (e) to administer and manage interstate water resources apportionment on river systems of the State ;
 - (f) to review and clear water resources projects proposed at the sub- basin and river basin level to ensure that a proposal is in conformity with integrated State Water Plan and also with regard to the economic, hydrologic and environmental viability and where relevant, on the State's obligations under Tribunals, Agreements, or Decrees involving interstate entitlements :
- Provided that, while clearing the new water resources projects by the concerned for construction proposed by River Basin Agencies, the Authority shall ensure that Governor's Directives issued from time to time, relating to investment priority for removal of regional imbalance are strictly observed;
- (g) to lay down the criteria and monitor the issuance of Entitlements. These criteria among others shall also include the following,
 - (i) The Entitlements shall be issued by river Basin Agency based on the Category of Use and subject to the Priority assigned to such use under State Water Policy;
 - (ii) Bulk Water Entitlements shall be issued by the River basin Agency for irrigation water supply, rural water supply, municipal water supply or industrial water supply to the relevant Water User Entities including Municipalities, Water User's Associations, Industrial Users and State agencies responsible for delivery to the respective sector or to a Sub- surface Water User's Association or entity that operates a well field of multiple sub-surface water tube wells, bore wells or other wells on behalf of multiple users;
 - (iii) Bulk Water Entitlements for irrigation, shall be issued by River Basin Agency , to the Water User's Associations at the primary unit level, Distributory level and Canal or Project level Associations and River Basin Agencies shall not receive Entitlements but shall act as conveyance entities for the Entitlements issued to the Water User's Associations;
 - (iv) Water User Entities including Water User's Associations, managing the aggregate of Entitlements on behalf of a group of Entitlement holders may be issued an Aggregate Bulk Entitlement;
 - (v) Individual Water Entitlements may be issued by River basin Agency only for the construction and operation of individual lift irrigation schemes from surface water sources, bore-wells, tube wells or other facilities for extraction of sub-surface water. Such Entitlements shall be administered , registered measured and monitored by the respective River Basin Agency in close co- ordination with relevant Government agencies. Where such facilities extract water from alluvial aquifers that are conjunctive with the surface water of a basin , the issuance and operation of such Entitlements shall be conjunctively coordinated with the use and yield of surface water resources of the basin and shall be compatible with the overall water resource plan of the local area and the respective river basin and the sustainable use of the sub-surface water resources.

Powers,
Functions and
duties of
Authority.

- (vi) Bulk Water Entitlements shall be for a specific proportion of flow, storage or other determination of the annual yield of a water resources or facility and the Entitlement shall be measured volumetrically and with respect to time of delivery and flow rate of delivery ;
- (vii) The allocation of a percentage of the water available under the Entitlements of each facility, in the drainage basin or river basin shall be determined jointly by the River Basin Agencies and Water User Entities based upon the hydrology and other relevant parameters with regard to the specific basin. This allocation shall be utilized for the determination of the amount of water to be made available under each Entitlement for that specific year or runoff season;
- (h) to lay down the criteria for modification in Entitlements for the diversion, storage and use of the surface and sub-surface waters of the State. These criteria shall among others, include the following :-
 - (i) Aggregate Bulk Water Entitlements will be considered as Bulk Water Entitlements under the provisions of this Act except that they shall not be a usufructuary right and will only be adjusted by the Authority if there is a compensating change , under the provisions of this Act, to any component Bulk Water Entitlement that comprise part of the Aggregate Bulk Water Entitlement ;
 - (ii) In the event that any Water User Entity wishes to use its category priority to mandate a change in the use or volume of any entitlement, that entity must demonstrate in a public hearing before the Authority , that it has exhausted all attempts to conserve, increase efficiency and manage its demand of water within its, entitlement and has exhausted all opportunities to increase its entitlement through a transfer within the voluntary, market -based economy. If, after such a public hearing, the Authority deems such a mandated transfer , on either an annual or permanent basis, to be legal and necessary in the interest of the people of the State, the Authority shall then determine a fair and just compensation as determined by the market value of the water resource, to be paid to the Entitlement holder by the entity exercising the mandated user category preference ;
- (i) to fix the criteria for trading of water entitlements or quotas on the annual or seasonal basis by a water entitlement holder. These criteria shall among others, include the following. -
 - (i) Entitlements, except Aggregate Bulk Water Entitlements, are deemed to be usufructuary rights which may be transferred, bartered, brought or sold on annual or seasonal basis within a market system and as regulated and controlled by the Authority as established in the rules of the Authority;
 - (ii) Quotas of water determined by the seasonal or annual allocation assigned to an entitlement shall be volumetric usufructuary right which may be transferred , bartered , bought or sold on an annual or seasonal basis within a market system as established and controlled by the rules of the Authority;
 - (iii) Bulk Water Entitlements or Quotas shall be transferable within the respective category of use as long as such transfers are compatible with the operation of the specific water resource facilities involved. Such annual transfers shall be managed and registered with the respective River Basin Agency which shall have the power to approve or deny such proposed transfers if they are incompatible with operation of the facility or would damage the entitlements or rights of other users within the system. The River Basin Agency may charge a nominal fee for the processing and registering such transfer but shall not participate in any compensation between Entitlement holders as a part of such transfer.
- (j) Entitlements may be subject to review at intervals of not less than three years and then , only if warranted by concerns about, the sustainability of the level of allocation ;
- (k) Bulk Water Entitlements shall be registered by the River Basin Agency and shall be monitored by the Authority or its duly delegated competent representative;
- (l) permanent transfer of Entitlements shall only be made with the approval of the respective River Basin Agency and the Authority and in compliance with the rules of the Authority promulgated for this purpose. All approved transfers shall be entered into the registry of Entitlements of the Authority;
- (m) in the event of water scarcity , the Authority, in compliance with its policy and rules for allocating such scarcity, shall adjust the quantities of water to be made available to all Entitlements and shall permit the temporary transfer of water Entitlements between users and categories of users in accordance with the approval of the River Basin Agencies;
- (n) to establish regulatory system for the water resources of the State , including surface and sub-surface waters, to regulate the use of these waters, apportion the Entitlement to the use of the water of the State between water using categories ;
- (o) to establish a system of enforcement, monitoring and measurement of the Entitlements for the use of water that will ensure that the actual use of water , both in quantity and type of use are in compliance with the Entitlements as issued by the Authority,
- (p) to administer the use and Entitlement of water resources within the State in a manner consistent with the State Water Policy to ensure the compliance of the obligation of State with regard to the apportionment of interstate waters between the State and others States;
- (q) to promote efficient use of water and to minimize the wastage of water and to fix reasonable use criteria for each Category of Use ;

- (r) to determine and ensure that cross -subsidies between Categories of used if any, being given by the Government are totally offset by stable funding from such cross-subsidies or Government payments to assure that the sustainable operation and maintenance of the water management and delivery systems within the State are not jeopardised in any way ;
 - (s) to develop the State Water Entitlement data base that shall clearly record all Entitlements issued for the use of water within the State , any transfers of Entitlements and a record of deliveries and uses made as a result of those Entitlements ;
 - (t) to facilitate and ensure development , maintenance and dissemination of a comprehensive hydro -meteorological information data base in co-operation with the River Basin Agencies ;
 - (u) the Authority shall review and revise , the water charges after every three years;
 - (v) the Authority may ensure that the Irrigation Status Report is published by the Government every year , such report shall contain all statistical data relating to irrigation including details in respect of district wise irrigation potential created and its actual utilisation;
 - (w) such other powers, function and duties as may be prescribed.
12. (1) The Authority shall work according to the framework of the State Water Policy. General Policies
of the Authority
- (2) The Authority shall recognise the policy of empowering River Basin Agencies in accordance with the State Water Policy.
 - (3) The Authority shall, in accordance with the State Water Policy, co-ordinate with all relevant State agencies to implement a comprehensive hydro -meteorological data system for the State.
 - (4) The Authority shall, in accordance with State Water Policy, promote and implement sound water conservation and management practices throughout the State.
 - (5) The Authority shall support and aid the enhancement and preservation of water quality within the State in close co- ordination with the relevant State Agencies and in doing so the principle that "the person who pollutes shall pay" shall be followed.
 - (6) The Authority shall fix the Quota at Basin level, sub-basin level or project level on the basis of the following principles --
 - (a) for equitable distribution of water in the command area of the project, every land holder in the command area shall be given Quota;
 - (b) the Quota shall be fixed on the basis of the land in the command area;

Provided that, during the water scarcity period each landholder shall, as far as possible, be given Quota adequate to irrigate at least one acre of land;
 - (c) in order to share the distress in the river basin of sub-basin equitably, the water stored in the reservoirs in the basin or sub- basin, as the case may be, shall be controlled by the end of October every year in such way that, the percentage of utilizable water, including Kharif use, shall, for all reservoirs approximately be the same;
 - (d) subject to the condition of efficient use of water, the existing private sector lift irrigation management schemes shall be allowed to continue for a period of five years from the date of commencement of this Act and thereafter on the date that may be specified by the Government the provisions of sub-section (4) of section 14 shall apply :

Provided that, having regard to geographical conditions', different dates may be notified for different areas.
 - (e) the command area of private lift Irrigation schemes , on the date of commencement of this Act, shall be treated at par with the command area of the irrigation projects;
 - (7) The Authority shall ensure that the principle of " tail to head" irrigation is implemented by the River Basin Agency.
 - (8) The Authority shall while framing policy, give preference to the projects so that , the physical backlog forming the basis of the financial backlog be eradicated in accordance with the Governor's directive.
- (9)(a) The Authority shall strive to make the water available to the drought prone areas of the State;
- (b) The Authority shall ensure that, the funds made available to a drought prone district are spent preferably in the areas, where irrigation facilities are less than the other areas of that district.
 - (c) Notwithstanding anything contained in this act, a person having more than two children shall be required to pay one and half times of the normal rates of water charges fixed under clause (d) of section 11 of this Act to get entitlement of water for the purpose of agriculture under this Act:

Provided that, a person having more than two children on the date of commencement of this Act, shall not be required to pay such one and half times water charges so long as the number of children he had on such date of commencement does not increase:

Provided further that, a child or more than one child born in a single delivery within the period of one year from such date of commencement shall not be taken into consideration for the purpose of this sub-section.
